## Delinquent Accounts:

Meters are read and bills are calculated on a monthly basis. Billings are mailed on the last working day of each month. Account balances are always due on the tenth (10<sup>th</sup>) day of the month. There is a grace period, which allows bills to be paid on the twentieth (20<sup>th</sup>) day of the month with out a late fee. If balances are unpaid after 5:30pm on the 20<sup>th</sup> day of the month, or the Monday after if the 20<sup>th</sup> falls on a weekend, a \$10.00 late fee will be assessed on each account. If the balance has not been paid by the 25<sup>th</sup> day of the Month, or the Monday after if the 25<sup>th</sup> falls on a weekend, service will be disconnected and a \$25 cut-off fee will be applied to the account in addition to the late fee. Your account will be finaled after 10 days of disconnection if

service has not been restored and your deposit (if applicable) will be applied to the balance on the account. If service is disconnected and a meter shows that any usage has occurred between the time of cut off and restoration, there will be a tampering fee assessed on the account in the amount of \$50.00. The tampering fee must be paid in addition to any other charges that may be due on the account before water service can be restored. **The town is not responsible for bills that are not delivered by the US Postal Service.
