AGENDA ABSTRACT

DATE: February 6, 2018

Item: 5
Public Forum

SUBJECT: Public Forum

A Public Forum is held during each Board of Commissioners' meeting. This provides an opportunity for citizens to share their concerns, interests, questions, and other comments regarding Town events, projects, and/or ideas. Each speaker should note, however, that he or she will be limited to three (3) minutes in addressing the Town Board.

The citizens who appear before the Town Board should note that the Board may not take any action regarding his or her concerns, requests, suggestions, and/or comments.

All speakers are also required to complete a Sign-Up Sheet provided during the Board meeting. They must provide their name, complete address, and phone number in addition to furnishing the Town Clerk with copies of any and all handouts distributed.

1. **Call to Order:** Mayor Weatherspoon presided, calling the Board of Commissioners meeting to order at 7:00 p.m.
2. **Pledge of Allegiance:** Mayor Weatherspoon led the pledge of allegiance.
3. **Invocation:** Commissioner Smith offered the invocation.
4. **Approval of the January 8, 2018, meeting agenda:** The Town Board amended the Agenda; adding two additional Budget Amendments #BOA2018.17 and #BOA2018.18 to Consent Agenda #6C.

Board Action: The Town Board unanimously approved the January 8, 2018 meeting agenda with the above amendments.

Motion: Commissioner Smith

Second: Commissioner Hill

Vote: Unanimous, 4-0

5. **Public Forum:** Mayor Weatherspoon provided an opportunity for audience members who wished to address the Board of Commissioners on issues not listed on the Agenda.

Mayor Weatherspoon addressed the audience and asked that each speaker limit comments to three minutes (3) in addressing the Town Board. He also reminded attendees that citizens who appear before the Town Board should note that the Board may not take any action regarding subject matter. Topics requiring further investigation will be referred to the appropriate town officials or staff and may be scheduled for a future agenda. Any handouts distributed must be furnished to the Town Clerk.

Brian Hawley, 49 Kerrylane Drive, read from a statement prepared for the Board.

“Good evening Board of Commissioners and Mayor. As we work together to improve our community, I would like to address this board regarding an incident I witnessed on October 31, 2017. I have been contemplating filing a formal complaint with the United States Office of Special Counsel or address this board regarding this matter and decided I am obligated to identify this concern to my elected officials first and foremost.

I concede, I am not an expert at law, nor an expert on municipal government and always welcome opportunities to become better acquainted with the policies and procedures of our government. However, I am also not ignorant to what is right and what is wrong, and I believe in accountability and as such, I expect those in leadership positions to adhere to a strict code of conduct and follow personnel policies provided from their employer.

My concern is that our Town Manager is not held to the same standard as our other employees. When a town resident walks into our Town Hall building/Police Station to pick up paper work and over hears the Town Manager conducting partisan political activity during work hours, there is an issue. We have a personnel policy for a reason and my concern is that our Town Manager does not adhere to these directives. The Town Manager was just given a contract this past year and from what we hear this contract is non-ending, and the town may be forced to buy him out, if he is dismissed or leaves. If this is true, why would our elected officials place such a burden on the tax payers of this community? I believe we reward employees based on accomplishments and we compensate them accordingly. But, I also believe as an elected official you’re obligated to protect the Town’s best interest. If we have negotiated a contract that handcuffs you to hold others accountable, what will deter them from conducting business however they please? If they face no consequences for their actions, then how will you prevent those violations moving forward?

So, in ending, before I seek outside guidance with the U.S. Office of Special Counsel, Hatch Act Division, I ask this Board to address this matter, and consider a way to ensure that we can prevent issues such as this in the future. Thank you for your time and your service to our community.”

6. **Consent Agenda:** The Board amended the Consent Agenda by removing item #6B to discuss further.

Motion: Commissioner Hawley

Second: Commissioner Smith

Vote: Unanimous, 4-0

A. Minutes – December 5, 2017 – Town Board Regular Meeting Minutes

B. Parks & Recreation Building Capital Project Ordinance pursuant to NCGS 159 Section 13.2 (moved to discuss)

C. Budget Amendments: #BOA2018.15 – To transfer funds from General Fund to Parks & Recreation Capital Project for construction of office and concession building; #BOA2018.16 – To purchase additional radio read meters for new homes.; #BOA2018.17 – To replace materials due to excessive water leaks; #BOA2018.18 – The Town has been granted \$5,000 from the Arts Council to fund the Friday Depot Nights. This is the first time the funds will be funded through the Town and not a separate grant fund.

Board Action: The Town Board unanimously approved the Consent Agenda with the above amendment.

Motion: Commissioner Smith

Second: Commissioner Hill

Vote: Unanimous, 4-0

Item #6B Discussion: Parks & Recreation Capital Project Ordinance pursuant to NCGS 159 Section 13.2.

Town Manager Coley Price explained that when a project ordinance is in place, it has to be done within that Fiscal Year. When the old Parks and Recreation building was sold that money went into the Fund Balance. At that time, a project ordinance was done in the amount of \$228,294. When a Fiscal Year ends and there are changes, you have to change it for the new Fiscal Year. The new Parks and Recreation building was originally designed as a two story building, however in a public building you are required to have an elevator which would have been way over budget. The building then had to be redesigned as a one story building, therefore it was a few thousand dollars over the Capital Project Budget.

Commissioner Hawley asked if the funds that were received from the sale of the old Parks and Recreation building would directly go the new Parks and Recreation building.

Mr. Price stated that was correct.

Commissioner Hawley asked if the new building would be held to the same standards of the commercial façade requirements.

Mr. Price stated that was correct.

Board Action: The Board voted to approve the Parks & Recreation Building Capital Project Ordinance pursuant to NCGS 159 Section 13.2

Motion: Commissioner Hawley

Second: Commissioner Smith

Vote: 4-0, Unanimous

7. Public Hearings

- A. Annexation Petition** – A petition for Annexation for the property located on Rawls Church Road (PIN#: 0665-90-0278). A sufficiency of the Petition and a Certification of Results were issued in December; a Date to Set the Public Hearing for tonight was approved in December and advertised appropriately for tonight's meeting. Following the required Public Hearing, the Town Board will be qualified to consider the Adoption of an Ordinance to annex the property.

Mayor Weatherspoon opened the Public Hearing.

Seeing no one come forward, Mayor Weatherspoon closed the Public Hearing.

Board Action: The Board voted to adopt an Ordinance to extend the corporate limits of the Town of Angier.

Motion: Commissioner Honeycutt

Second: Commissioner Hill

Vote: 4-0, Unanimous

- B. Rezoning Request** – Application submitted by George Aiken (AV Homes, Inc.) to rezone a 66.98 acre parcel located at Rawls Church Road from Harnett County RA-30 to Town of Angier R-6 (PIN#: 0665-90-0278.000).

Sean Johnson presented the staff report for the rezoning request to rezone 66.98 acre parcel from RA-30 to R-6 that was made by applicant George Aiken. The majority of the property is currently wooded with the remaining percentage being used as farm land. The Eastern edge of the property contains steep topography with a stream at the lowest point. Surrounding Land Uses include vacant wooded areas and low density residential. If the property is annexed and developed, the developer will be responsible for providing Town water and sewer to the property.

Mr. Johnson stated the proposed rezoning is in compliance with the Land Use Plan adopted in September 2017. The impact to the adjacent property owners and the surrounding community is reasonable, and the benefits of the rezoning outweigh any potential inconvenience or harm to the community. The requested rezoning would allow for use of the property that is compatible with adjoining uses. The requested zoning district is compatible with the existing Land Use Classification. The Land Use Plan adopted in

September designates the adjacent property as medium density residential which calls for 3-6 units per acre. The requested rezoning would allow for lots as small as 6,000 sq. ft., which fits the density suggested by the plan. The proposal does enhance or maintain the public health, safety and general welfare. The rezoning would not change the character of the area. The request is for a small scale rezoning and should be evaluated for reasonableness. The rezoning will not change the allowed use of the property, just the density allowed.

Commissioner Smith asked if the proposed sewer line will be large enough to support future projects.

Mr. Johnson stated the Town will consider upgrading the line to prepare for future growth in addition to what the developer will need for the project.

Bill Dreitzler, Town Engineer, stated the sewer line will be large enough.

Mayor Weatherspoon opened the Public Hearing.

Mark Ashness, Engineer 301 Glenwood Ave., stated the proposed rezoning is consistent with the future Land Use Plan in that area. Water will be extended on Rawls Church Road from Kennebec Church to the west which a County line is in place now but a Town line will be added. Ultimately, other residents may tap to that line as well. The proposed entrance will be opposite of Jarrett Bay Lane on the south side of Rawls Church Road. The reason R-6 was requested was for 5ft setbacks on the lots.

William Leather, 515 Moonlight Drive, stated he was concerned with being made to tap onto the Town sewer line as Moonlight Drive has septic tanks.

Town Manager Coley Price stated the Town cannot do an involuntary annexation but explained to Mr. Leather that having a Town sewer line nearby will be to his advantage as a safety net in the event his septic fails.

Seeing no one else come forward, Mayor Weatherspoon closed the Public Hearing.

Board Action: The Board voted to approve the rezoning request submitted by George Aiken (AV Homes, Inc.) to rezone a 66.98 acre parcel located at Rawls Church Road from Harnett County RA-30 to Town of Angier R-6 (PIN#: 0665-90-0278.000).

Motion: Commissioner Smith

Second: Commissioner Hawley

Vote: 4-0, Unanimous

8. New Business

A. Re-appointment of Town Attorney

Under Town of Angier's Code of Ordinances Chapter 2, Article III, Section 2-141 (a) At the first meeting of the Town Board after their election and qualifications, or as soon thereafter as possible, they shall appoint (or reappoint) a Town Attorney.

Mayor Weatherspoon entertained a motion for the re-appointment of Town Attorney Al Bain.

Board Action: Commissioner Honeycutt made a motion to retain Town Attorney Al Bain, seconded by Commissioner Smith. The motion died for lack of majority vote.

Board Action: Commissioner Hawley made a motion to dismiss Town Attorney Al Bain, seconded by Commissioner Hill.

Board Action: Mayor Weatherspoon broke the tie by voting to dismiss Town Attorney Al Bain and set forth a 60 day notice to Mr. Bain on this date.

Vote: 3-2, to dismiss Town Attorney Al Bain

Mayor Weatherspoon instructed the Town Clerk to advertise for the position of Town Attorney.

9. Manager's Report:

Town Manager Coley Price asked Mayor Weatherspoon if he could offer an explanation as to why he did not re-appoint Town Attorney Al Bain.

Mayor Weatherspoon stated he agreed with the two Commissioners that voted no.

Mr. Price stated there's got to be a reason because I don't know of anything that he's done enough for you to not allow him to be re-appointed.

Mayor Weatherspoon stated he felt that was the way he should vote.

Mr. Price asked Mayor Weatherspoon why he had no explanation on voting no.

Mayor Weatherspoon stated the matter was closed.

Town Manager Price informed Town Board officials of numerous events that had taken place and forthcoming events including the following:

- There will not be a Planning Board meeting.
- There will not be a Board of Adjustment meeting in January.
- Town Hall offices will be closed Monday, January 15, 2018 in observance of Martin Luther King Jr. Holiday.

Ethics Guidelines for Town Boards

(Please check if you agree)

☒ Yes, if appointed, I pledge to comply with the following ethics guidelines for boards as adopted by the Town of Angier.

Members of boards shall not discuss, advocate, or vote on any matters in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board.

If the board believes he/she has a conflict of interest, then the member should ask the board to be excused from voting. The board should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the board establishes a conflict of interest, then the board member shall remove themselves from the voting area.

Any board member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the board should excuse himself/herself from voting. The board may request the Town Attorney to respond in writing.

Please provide a brief summary outlining why you wish to serve on a board you have indicated.

Memo

To: Coley Price, Town Manager
From: Bill Dreitzler, P.E., Town Engineer
Date: January 30, 2018
Re: February 2018 BOC Meeting - Engineer's Staff Report

Please consider my staff report for the scheduled February 2018 Board of Commissioners meeting:

Hwy 210 Sidewalk Extension Project

The design engineering phase is moving forward. The contractor has submitted the 65% design plans for our internal review. The 65% phase also includes submittal and review by NCDOT. We are still waiting on NCDOT's comments for the 65% review. In addition, we are evaluating dates for a public meeting sometime in early February.

Kennebec Church Road Elevated Water Storage Tank

The construction phase of the project is moving forward. The painting process had begun; however, it is currently on hold. Our consultant, Charlie McGougan, is coordinating with the FAA to assure we are not required to comply with any specific "obstruction markings" with regards to the painting scheme. The issue was raised by the Angier-Fuquay Airport. The FAA has confirmed that privately owned airports that do not serve the public are not afforded FAA protections. However, at the recommendation of FAA officials, we have electronically filed a "Notice of Proposed Construction or Alternation". When the tank height and location was loaded into an FAA program the software recommended filing the notification. However, the trigger for the recommendation was actually a radar installation that is in the area and not the airport. At this time, we do not believe any obstruction markings will be required; however, we are awaiting a final determination from the FAA prior to commencing. **No significant change since my last report.**

Wastewater Inflow/Infiltration Evaluation

I have completed a thorough assessment of the Inflow/Infiltration Study findings. I am recommending that we immediately proceed with video inspection of sanitary sewer lines tributary to PS #1 (Knollwood Court). This is a very small basin and I would anticipate the cost to be less than \$5,000. An estimate of any rehabilitation required once the video inspection is completed will be provided. **As an update, the tv inspection is completed and we are awaiting the video for review. In addition, we are evaluating the potential video inspection of approximately 13,000 linear feet of identified sewer lines.**

Utility Policy Manual

With the approval of the Leaf and Limb policy and the Household Items policy, the Board has approved 8 utility policies. Staff will be incorporating these policies within a single Policy Manual. Staff will continue to assess needed policies through an on-going process.

Roadway Improvement Projects

We are currently working on identifying potential roadway improvement projects. These projects may include but are not limited to adding turn lanes, right turn only, roadway extensions, etc. We continue to evaluate these roadway projects and consult with John Nance regarding the best funding mechanisms. Staff is moving forward with NCDOT Division 6 on four possible improvement projects. Detailed updates of the improvement projects were provided to the Board at the workshop on January 23rd.

System Development Fees

Staff will be meeting with Cecil Rhodes and Mike Myers of Envirolink on Tuesday, January 30, 2018 to review findings now that Envirolink has worked through the requirements of HB 436. We anticipate that the meeting will result in revisions to the report based on final comments and then the scheduling of a public hearing to present the report and address the public's comments.

Construction Standards

The Construction Standards were adopted in March of 2000 and have not been updated since. I am in the process of reviewing the Standards for conflicts with the UDO. In addition, I will be assessing any construction standards that need to be updated to better represent current technologies and processes being used in the industry. This is an on-going effort.

Storm water

Based on comments from the Board of Commissioners at the workshop on Tuesday, January 23, 2018 I will be updating the status of our storm water issues at the Board workshop in February. Topics of discussion will include, private ditch clean-out, permanent drainage easements and maintenance of major streams/ditches, mapping, and a storm water utility fee.

Miscellaneous

In addition to the above major projects, I continue to provide support to the Town staff including but not limited to the following:

- Service on the Pre-Development Committee.
- Service as a member of the TRC including the associated engineering reviews.
- Assist with the Hwy 55 widening / Streetscape project meetings.
- Attendance as staff engineer at the Planning Board Meetings, Board of Commissioners Meetings, and Board of Adjustment Meetings.
- Meet with citizens on an on-call basis for issues predominately related to storm drainage.

Sincerely,

A handwritten signature in dark ink, appearing to read "Bill Dreitzler", written over a light blue horizontal line.
