

Town of Angier Board of Commissioners'
Special~Called Meeting
Agenda
June 21, 2016 ~ 6:30 PM
Angier Municipal Building

1. Call to Order

2. Pledge of Allegiance

3. Invocation

4. Approval of the June 21, 2016, meeting agenda

5. Consent Agenda

All items on Consent Agenda are considered routine, to be enacted on one motion without discussion. If a Governing Body member or citizen requests discussion of an item, the item will be removed from the Consent Agenda and considered under New Business.

A. Budget Amendments #BOA2016.34 and #BOA2016.35.

6. Public Forum

Each speaker is asked to limit comments to 3 minutes, and the requested total comment period will be 20 minutes or less. Citizens should sign up with the Town Clerk to speak *prior* to the start of the meeting. Please provide the clerk with copies of any handouts you have for the Board. Although the Board is interested in hearing your concerns, speakers should not expect Board action or deliberation on subject matter brought up during the Public Forum segment. Topics requiring further investigation will be referred to the appropriate town officials or staff and may be scheduled for a future agenda. Thank you for your consideration of the Town Board, staff and other speakers.

7. Items for Discussion

- A. Vacant Meter Fee
- B. Backflow Ordinance ~ Potential Changes
- C. Depot Rental Policy
- D. Feathered Flags Policy
- E. Numerous Project Updates

8. Adjournment

9. Closed Session

A, B. Pursuant to NC General Statutes § 143~318.11 (a) (5)

Addendums to the June 21, 2016, Special-Called Meeting

Item #7A: Regarding Vacant Meter(s), enclosed in this packet are the most recent listing of vacant meters (139, total) as of June 14, 2016, and the calculated amount of lost revenue from vacant meters dating back to 2013, 2014, 2015, and year-to-date.

Item #7B: Inside this packet are Backflow Ordinance information/statistics from neighboring municipalities including Apex, Cary, Holly Springs, and Harnett County. All of these locations conduct a testing of this equipment *each year*. There is also a timeline included highlighting all notifications to the public.

Item #7C: There will be a discussion regarding the frequent rental of our Angier Depot facility. Due to an exorbitant amount of complimentary rentals (fundraisers, plate sales, etc.), we feel that some renters are negligent in the upkeep and cleanliness of this facility.

**Timeline regarding The Town of Angier's Water
Quality Protection/Backflow Ordinance**

1. Public Works Director Jimmy Cook addressed the potential changes to The Town's Backflow Ordinance during the May 3, 2016, Board of Commissioners' meeting.
2. Letters were mailed May 6, 2016, to every Backflow Assembly owner advising them of a Public Hearing.
3. The Public Hearing was advertised May 10, 2016, and May 16, 2016, in the *Daily Record*, advising citizens of this public meeting and open discussion.
4. Consideration of the Text Amendment was brought before the Town Board during its June 7, 2016, Board of Commissioners' meeting. The issue was tabled until the Board's next meeting ~ a Special-Called meeting slated for June 21, 2016.
5. The Special-Called meeting and consideration for this proposed Text Amendment were advertised in the *Daily Record* June 13, 2016.

Hey Jimmy,

They are required to be tested annually. The property owner has them tested and then sends us a copy of the test results. Thanks1

Subject: Backflow- Town of Angier

Glenn,

How often does the County require Backflow devices to be tested?

Jimmy Cook
Town of Angier

Pg. 1 of 4

Sec. 12-162. - Testing and repair of assemblies.

- (a) A certified backflow prevention assembly tester approved by the town shall make testing of backflow prevention assemblies. Such tests are to be conducted upon installation and annually thereafter or at a frequency established by the town. A record of all testing and repairs is to be retained by the consumer. Test reports/records must be submitted through the online system to the town within ten business days after the completion of any testing, replacement, or repair work.
 - (b) Any time that repairs to backflow prevention assemblies are deemed necessary, whether through annual or required testing, or routine inspection by the consumer or by the town, these repairs must be completed within a specified time in accordance with the degree of hazard. In no case shall this time period exceed:
 - (1) Health hazard facilities—Seven days.
 - (2) Nonhealth hazard facilities—21 days.
 - (c) All backflow prevention assemblies with test cocks are required to be tested annually or at a frequency established by the town.
 - (d) All certified backflow prevention assembly testers must obtain and employ backflow prevention assembly test equipment, which has been evaluated and/or approved by the town. All test equipment shall be registered with the town and shall be checked for accuracy annually (at a minimum), calibrated if necessary, and certified to the town as to such accuracy/calibration, employing a calibration method acceptable to the town (see subsection 12-157(e)(3)).
 - (e) It shall be unlawful for any consumer or certified backflow prevention assembly tester to submit any record to the town, which is false or incomplete in any material respect. It shall be unlawful for any consumer or certified tester to fail to submit any record, which is required by this article to the town. Such violations may result in any of the enforcement actions outlined in section 12-166.
- (Ord. No. 03-0617-05, § 1, 6-17-03; Ord. No. 2015-0217-05, § 6, 2-17-2015; Ord. No. 2015-0303-11, § 6, 3-3-2015)

Pg. 2 of 4

- (4) All backflow prevention assemblies required by this article must be installed and maintained on the consumer's premises as part of the consumer's water system.
- (5) Ownership, installation, testing and maintenance of a backflow prevention assembly and all costs associated therewith shall be the responsibility of the consumer.
- (6) Each backflow prevention assembly required under this article must be accessible by the town.
- (7) Any bypass around a backflow prevention assembly at any time, including when the assembly is in need of testing, repair or replacement, is prohibited. When it is not possible to interrupt water service, the customer shall provide for the parallel installation of an approved backflow prevention assembly.
- (8) Backflow prevention assemblies with test ports or test cocks shall not be installed below ground.
- (j) *Testing and repair of backflow prevention assemblies.*
 - (1) *Testing/Certification.* A certified backflow prevention assembly technician shall conduct testing of backflow prevention assemblies at the consumer's expense. Tests shall be conducted upon installation, and annually thereafter, with a record of all testing and repairs retained by the consumer. Each consumer shall send a copy of the report, certified by the certified backflow prevention assembly technician, for each test or repair to the town within 30 days after the completion of each test or repair. Such records must also be maintained by the consumer on forms provided by the town for a period of three years.
 - (2) *Repairs.* Any time that repairs to a backflow prevention assembly are deemed necessary, whether through annual testing or routine inspection by the consumer or by the town, these repairs must be completed within a time specified below, in accordance with the health hazard level.
 - a. Health hazard facilities: Within seven days of discovery.
 - b. Nonhealth hazard facilities: Within 21 days of discovery.
 - (3) *Equipment.* All certified backflow prevention assembly technicians must obtain and employ backflow prevention assembly test equipment, which has been evaluated and/or approved by the town. All test equipment shall be registered with the town and shall be checked for accuracy annually (at a minimum), calibrated if necessary, and certified to the town as to such accuracy/calibration, employing a calibration method acceptable to the town.
 - (4) *Records.* It is unlawful for any consumer or certified backflow prevention assembly technician to submit any record to the town, which is false or fraudulent in any material respect. It is unlawful for any consumer or certified backflow prevention assembly technician to fail to submit any record, which is required by this section to the town. Such violations may result in any of the enforcement actions outlined in paragraph (m) of this section.

Sec. 16-146. - Test valves to be tested regularly.

All backflow prevention assemblies with test valves are required to be tested annually or at a frequency established by the town.

Town of Angier – Current Feather Flag Classification & Regulation

Chapter 10 - SIGNS

Section 10.4 - Temporary signs that require a waiver.

Temporary signs shall not be subject to a sign permit or fee, but persons or entities placing temporary signs shall sign a waiver stating that they understand and agree to adhere to the requirements for each type of temporary sign. Temporary signs shall not be located within a public street right-of-way or sight triangle and shall not be attached to trees or utility poles or on publicly-owned property. Temporary signs shall not be illuminated except for temporary holiday decorations. **Temporary signs that do not fit into one of the following categories are not permitted.**

Section 10.5. - Signs that require a temporary permit.

- A. **Political signs.** Signs may be displayed during a period beginning 45 days prior to an election, primary, or referendum and concluding seven days after the election. In the event of a runoff election, political signs for the candidates involved may remain on display until 48 hours after the runoff election.
 - 1. Maximum size: Six square feet.
 - 2. Maximum height: Four feet tall.
 - 3. Maximum number: One per candidate/referendum per lot of record.
- B. **Special event signs** (on and off-premise). Signs may be erected by public or nonprofit organizations such as schools and churches for promoting public events such as fund drives, fairs, festivals, sporting events, etc. Signs may be displayed during a period beginning seven days prior to the event and concluding 48 hours after the event. Such signs shall not be illuminated. Off-premise signs will be on town property only.
 - 1. Maximum size: Thirty-two square feet.
 - 2. Maximum height: Six feet tall.
 - 3. Maximum number: One on-premises sign and three off-premises signs.
- C. **Banners.** Banners advertising sales or special features may be hung against a wall face only for a 14-day period of time, no more than six times annually.
 - 1. Maximum size: Thirty-two square feet.
 - 2. Maximum number: One per business up to six times annually.
- D. **Inflatable signs.** Inflatable signs, including inflated balloons, having a diameter of greater than two feet may be flown only for a 14-day period of time, no more than six times annually.
 - 1. Maximum size: Thirty-two square feet.
 - 2. Maximum number: One per business up to six times annually.

10.6.3 Amortization of nonconforming signs. Any sign which was erected, placed, attached, suspended, or otherwise put into use prior to the adoption of this ordinance shall, within ten years of the date of adoption of this ordinance, comply with the following provisions. After that time, any such sign that does not comply shall be removed or be considered in violation of this ordinance. All poles that are included as part of, or are related to, an existing pole sign shall be encased.

Section 10.7. - Prohibited signs.

- A. Any sign which the administrator determines obstructs the view of bicyclists or motorists using any street, approach to any street intersection, or which interferes with the effectiveness of or obscures any traffic sign, device, or signal shall be prohibited.
- B. Illuminated, highly reflective signs, or spot lights which hamper the vision of motorists or bicyclists.
- C. Signs not erected by a public authority which may be erroneously construed as government signs or emergency warning signs. An example of this is a sign which contains a picture of a traffic sign plus the word "Stop", "Yield", "Slow", "Danger", or any other simulation of traffic or regulatory signs or messages.
- D. Any sign located outdoors which interferes with free passage from or obstructs any fire escape, downspout, window, door, stairway, ladder, or opening intended as a means of ingress or egress or providing light or air.
- E. Any sign (other than a government sign), banner or display placed on any curb, sidewalk, post, pole, hydrant, bridge, tree, or other surface located on, over, or across any public street or right-of-way, unless otherwise permitted.
- F. Illuminated tubing or strands of lights except for temporary holiday displays as permitted in this chapter.
- G. Portable signs and any sign whose sign face was initially constructed and designed to be placed and/or transported on wheels, regardless if said sign face is removed from its base and placed on or in the ground so as to otherwise classify said sign as a "ground" sign as herein defined.
- H. Parked vehicles with messages (exempting vehicles with commercial advertising which are used regularly and customarily to transport persons or property for business and are not intended for primarily for advertising use).
- I. Rotating signs.
- J. Roof signs and signs that extend above the parapet wall.
- K. Billboards.
- L. Off-premises signs and signs placed on property without permission of its owner(s) or agent, unless otherwise permitted in this chapter.
- M. Other signs not expressly permitted in this ordinance.**
