Town of Angier
North Carolina

INTRODUCTORY SECTION

TOWN OF ANGIER

Angier

January 6, 2017

**Honorable Mayor, Members of the Town Council
And Citizens of the Town of Angier:**

The Comprehensive Annual Financial Report (CAFR) of the Town of Angier for the fiscal year ended June 30, 2016, is submitted by the Town's Finance Department, and it is the comprehensive publication of the town's financial position at June 30, 2016, and results of operations for the fiscal year then ended for all funds of the Town. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accounts. This report is published to fulfill that requirement for the fiscal year ended June 30, 2016, and to provide complete and further accountability to citizens and other interested parties by providing a comprehensive report in lieu of the minimum basic financial statement requirements.

Responsibility for both the accuracy of the presented data, and the completeness and the fairness of the presentation, including all disclosures, rests with the town. We believe the enclosed data and presentation is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the Town's funds over the last fiscal year.

The Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is written to complement the MD&A and should be read in conjunction with it.

Profile of the Town

The Town of Angier, incorporated in 1901, is located in northeast Harnett County, approximately 21 miles from downtown Raleigh, the State Capital. Angier, the Town of Crepe Myrtles, is a town of quietness, security and tremendous opportunity for its residents. Despite the substantial growth in this area, Angier is still the kind of town where you know your neighbors. The Town covers approximately 2.3 square miles and has a population of 4,718.

The Town operates under a council-manager form of government. The governing body is comprised of a Mayor and a four-member Town Council, elected on a nonpartisan, at large basis for staggered four-year terms. The Town Council has policy-making and legislative authority and is responsible for the budget approval and appointment of the Town Manager, Town Attorney and Town Clerk. The Town Manager is responsible for implementing Council policies and Town Ordinances, managing daily operations and appointing department directors.

Angier is a *full service* town providing police, water distribution, sanitary sewer collection, street maintenance, including curbs, gutters, sidewalks and other infrastructure, recreation and cultural activities, engineering, household sanitation services, including recycling, planning and community development, code compliance and general administration, finance and human resources. Additionally Angier and Harnett County have formed collaborative partnerships to provide several services including economic development, inspections, code enforcement, fire marshal services, E-911 emergency services,

tax billing and collections, and election board services. This report includes all of the Town’s activities in delivering and administering these services.

Accounting System and Budgetary Control

The diverse nature of governmental operations and the necessity of assuring legal compliance preclude recording and summarizing all governmental financial transactions and balances in a single accounting entity. Therefore, from an accounting and financial management viewpoint, a governmental unit is a combination of several distinctly different fiscal and accounting entities, each having a separate set of accounts and functioning independently of each other. Each accounting entity is accounted for in a separate "fund".

A fund is defined as a fiscal accounting entity with a self-balancing set of accounts recording cash and other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The Town's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's utilities and other enterprises are reported on the accrual basis.

The Town's accounting system is organized and operated on a "fund" basis and each fund is classified in one of two categories and further identified as one of five major types of funds:

Classification	Fund Type
Governmental Funds	General
Proprietary Funds	Special Revenue
Fiduciary Fund	Capital Project
	Enterprise
	Capital Reserve
	Pension Trust

Governmental Funds: These funds are, in essence, accounting segregations of financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the differences between governmental fund assets and liabilities, the fund equity, is referred to as "Fund Balance". The primary measurement focus is upon determination of financial position and changes in financial position, which is supported by the statement of revenues, expenditures, and changes in fund balances. It may be supported or supplemented by more detailed schedules of revenues, expenditures, transfers, and other changes in fund balance.

Proprietary Funds: These funds are sometimes referred to as "income determination", "nonexpendable", or "commercial type" funds and are used to account for a government's on-going organizations and activities, which are similar to those often found in the private sector. All assets, liabilities, equities, revenues, expenses, and transfers relating to the government's business and quasi business activities - where net income and capital maintenance are measured - are accounted for through proprietary funds.

The generally accepted accounting principles here are those applicable to similar businesses in the private sector, and the measurement focus is upon determination of net income, financial position, and changes in financial position.

Budgetary Control: The City's financial management software provides the information for effective fiscal management. Through utilization of budgetary accounting methods, effective budgetary control and accountability can be maintained. The Annual Budget, which is adopted for legal control at the functional level but controlled at the department level, authorizes and provides the basis for the City's financial management. The total adopted appropriations constitute the maximum expenditure authorization during the fiscal year and can only be amended by action of the City Council. Expenditures are controlled at the department level for all General, Special Revenue, Capital Projects and Enterprise funds.

Budgetary control is maintained at this level by the encumbrance of purchase amounts prior to the release of purchase orders to vendors. Purchase orders, which would result in an overrun of departmental operating balances, are not released until additional appropriations are made available.

Open encumbrances at June 30, 2016, are treated as commitments, rather than expenditures, and such encumbered funds are appropriated for expenditure in fiscal year 2016-2017.

Economic Condition and Outlook

The Town of Angier boasts an excellent quality of life. We are a progressive and friendly community that offers small-town living, plus all of the benefits of being in close proximity to metropolitan areas of Raleigh, Durham, Chapel Hill and Research Triangle Part (RTP). Our great location, affordable land and outstanding workforce make Angier one of the best places in the region to begin or expand a business or industry.

Southwest of Angier, we have Campbell University. The main campus is located in Buies Creek with a law school located in Raleigh. Founded in 1887, the University is the second largest private four-year university in North Carolina and is composed of more than 7,000 students. The university is a private, co-educational university with Baptist roots that offers more than 150 majors, tracks, and concentrations in the liberal arts, sciences, and professions. The university offers professional degrees in law, pharmacology and health sciences, business, education and divinity as well as a wide variety of undergraduate degrees. Campbell has opened the College of Osteopathic Medicine, the first of its kind in North Carolina. Additional health science programs have also been introduced, including the Physician Assistant Program, Master of Public Health and plans for a Doctor of Physical Therapy degree program. This will greatly enhance medical training in the region and state.

Over the past few years, the Board has focused much attention on ensuring the long-term financial viability of the Town and maintaining the capital infrastructure investment during this current economic environment. Due to the strength of the Town's economy in prior years, the Town has been able to sustain what it considers to be quality development. The results of these planning processes will aid in moving the Town toward its mission and vision while current levels of service being undisturbed.

Like the national and state economy, the local economy continues to struggle in 2016. The Town has also not been immune to the national housing crisis our number of building permits increased from 277 to 369 or 33.21% compared to the previous year. The overall property tax value for the 2016 fiscal year reflects an increase of 6.71% over the 2015 fiscal year. Sales tax collections increased by 9.03% as compared to an 8.88% increase the year before.

Long Term Financial Planning and Initiatives

The Town of Angier continues to prepare for the future through various initiatives that will enhance the services provided by the Town. Angier is recognized for its quality of life. Careful planning for growth has been based on values for an attractive community, a strong commitment to environmental protection, adequate public facilities in advance of growth and a variety of local recreational opportunities while maintaining a strong financial position. The Town Board has committed to key goals and initiatives.

The Town maintains fund balance sufficient to maintain consistent cash flow, generate interest income, eliminate the need for short term borrowings, and provides flexibility for unanticipated opportunities and needs during emergencies or disasters. In addition, fiscally responsible budgeting has been key in maintaining and improving the Town’s outstanding Council rating of 80, which is equivalent to a rating of A3/A by national rating agencies.

Major Initiatives:

During the year, the Town was involved in several projects as directed by the Town Commissioners and Town Manager. These projects are based on staff budget requests and Commissioner’s funding priorities. Upon budget approval, staff maintains and implements programs, policies and activities that support the achievement of the goals and initiatives, which reflect the Town’s continued commitment to quality of life while maintaining its unique personality.

Financial Information:

Budget Control: In government, much more than in business, the budget is an integral part of a unit’s accounting system and daily operations. The North Carolina General Statutes require all governmental units to adopt a balanced budget by July 1 of each year. The Town’s budget ordinance, adopted by the Town Council, creates a legal limit on spending authorizations. Budgetary control is facilitated by the use of a requisition encumbrance and purchase order system that ensures the adequacy of funds prior to the placement of orders or the award of contracts.

Internal Control: The Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits to be derived, and the evaluation of costs and benefits requires estimates and judgments by management. We believe that the Town’s internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Other Information:

Independent Audit: The General Statutes of North Carolina require an annual independent financial audit of all local government units in the State. Christopher K. Abbott, CPA, PA, independent certified public accountant, has examined the financial records of the Town and their opinion has been included in this report. Their examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, as they considered necessary in the circumstances. The auditor’s report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor’s reports related specifically to the single audit are included in the compliance section.

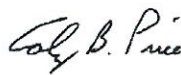

As a recipient of federal and state assistance, the Town is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management.

Awards and Acknowledgements

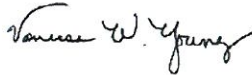

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Angier for its comprehensive annual financial report for the fiscal year ended June 30, 2015. Angier has received this prestigious award since 2011. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report (CAFR). This report must satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments: This report is the work of the efficient and dedicated staff of the Finance Department. We wish to express our appreciation to all members of the department who assisted and contributed to the preparation of this report and to the entire Town staff for their cooperation and assistance. Credit is also due to the mayor and the members of the Town Board for their unfailing support of the highest standards of professionalism in the management of Angier’s finances.

Respectfully submitted,

Coley B. Price

Organization Chart

The History of Angier

Angier, the Town of Crepe Myrtles, is a town of quietness, security and tremendous opportunity for its residents. Despite the substantial growth in this area, Angier is still the kind of town where you know your neighbors.

Jacob Calvin Williams
1834-1912

J.C. Williams, who grew up in the area that is now Angier, is credited with being the "Father" of the town. "Jake" was one of the eight children of Jacob Williams, and often called Jake-of-all. His ancestry has been traced all the way 'pack to the sixteenth century to the Isle of Wales, Scotland.

Jacob Calvin (Jake) married Nancy Norris of the Holly Springs section of Wake County and settled down to farm. He acquired a considerable amount of land. The first Harnett County Census in 1860 listed his holdings at 1300 acres. When the War between the States broke out in April 1861, the Williams men put down plows and picked up guns to defend their homes. Jake served with Clingman's Brigade, Hokes Division, Company C, 3 1 st North Carolina Regiment. Records show that Jake was captured in 1864 and served time at Ft. Delaware.

Nancy E. Norris Williams
1835-1903

After his release, Jake returned home to rebuild his life. In 1872 he bought seven hundred and fifty acres of land for \$3,000.00 from A.D. Cutts. The town of Angier is now located on some of that land. He and Nancy settled down on what is now North Broad Street. There they raised seven sons.

It was Jake Williams' farm that the railroad, which put Angier on the map, was built in 1899. The railroad was little more than a tramway leading from Apex, in Wake County, to the Jake Williams' farm in Harnett County. It was first known and chartered as the Cape Fear and Northern Railroad; later, about 1906, the line was extended to Durham and the name changed to the Durham and Southern.

The purpose of the railroad was to haul lumber and logs. The area around Angier had a vast sweep of fine saw timber, from short and long straw pines. The trees had been bled by the turpentine workers, leaving long stems of southern pine ready to be cut and sawed into lumber. When the turpentine business came to an end, workers and their families moved south to find unbled timber; and a new era began. A new way of making a living and supporting a family began-saw milling. No longer was the ox cart and mule-drawn wagon efficient to move lumber and logs. Now the building of the railroad was hailed as a step forward. Farming was becoming more important; growing cotton and tobacco took the place of sawmill work as that era came to a close.

Jonathan Cicero Angier
1857-1911

The late Col. John C. Angier married the niece of the late Washington Duke whose "golden leaf" had found its way north after the war. The demand for more tobacco is said to have been the impetus for Mr. Duke and his sons to establish the American Tobacco Company.

Col. Angier owned and operated a lumber plant in Cary and decided to build a railroad down along the pine ridge from Apex to Harnett County. Supposedly with the backing of the Dukes, he built a railroad to the farm of Jake Williams where a "Y" was also built for turning the engine around. In time, a station house was erected for the train crew to stay at night and daily round trips were made to Apex.

Jake and his son Benton operated a general store and a turpentine distillery. Goods were transported to and from Raleigh or Dunn by two or four-horse wagons. The coming of the railroad was a boon to

farmers, merchants and lumbermen.

After much discussion and numerous suggestions, the station house was named Angier to honor Johnathan C. Angier who played a major part in bringing the railroad to the area.

In July 1899, Jake Williams secured a noted surveyor, Daniel E. Green, to map and plot the land surrounding his home and the newly erected depot. Streets were laid off and named and Angier had its beginnings. By act of the North Carolina Legislature of 1901 the town received its charter.

During the 1930's, The Angier Woman's Club undertook a project to have crepe myrtles planted on roadsides leading into town from all directions. The trees make a spectacular show during June, July and August. The town chose "The Town of the Crepe Myrtles" as its slogan. Every year a Crepe Myrtle Festival is held in September with food, crafts and entertainment for all.

The Durham and Southern railroad which had run through the center of town since 1899, had its last run from Apex to Dunn on July 5, 1979. No longer was the railroad the cheapest way to transport goods to and from the industries of Angier and was no longer realizing a profit. Mayor Jack Marley and other town officials requested that railroad officials donate to the town the depot and the one hundred foot right of way within town limits. That was done and so ended another era.

Today Angier is one of the fastest growing areas in Harnett County; it has been called the bedroom of the Research Triangle Park. Angier is located twenty miles south of Raleigh, nine miles north of Lillington, the Harnett County seat, and ten miles west of Interstate 40, on NC 210.

Town of Angier
North Carolina

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Board of Commissioners
Town of Angier
Angier, North Carolina 27501

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Angier, North Carolina, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Town of Angier Alcoholic Beverage Control Board, which represents 100 percent of the assets, net position, and revenues of the discretely presented component units. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Town of Angier Alcoholic Beverage Control Board, is based solely on the report of another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Town of

Angier Alcoholic Beverage Control Board were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Angier, North Carolina as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 17 through 29, the Law Enforcement Officers' Special Separation Allowance's and the Other Postemployment Benefits' Schedules of Funding Progress and Schedules of Employer Contributions, on pages 76 through 78 respectively, the Local Government Employee's Retirement System's Schedules of the Proportionate share of the Net Pension Liability and Contributions, on pages 79 to 80, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of

inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Town of Angier, North Carolina. The introductory information, combining and individual fund statements, budgetary schedules, other schedules, and the statistical tables, as well as the accompanying Schedule of Expenditures of Federal and State Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining and individual fund statements, budgetary schedules, Schedule of Expenditures of Federal and State Awards, and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and the statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 6, 2017 on our consideration of Town of Angier’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government*

Auditing Standards in considering Town of Angier's internal control over financial reporting and compliance.

**MANAGEMENT DISCUSSION
AND ANALYSIS**

Management’s Discussion and Analysis

As management of the Town of Angier, we offer readers of the Town of Angier’s financial statements this narrative overview and analysis of the financial activities of the Town of Angier for the fiscal year ended June 30, 2016. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town’s financial statements, which follow this narrative.

The MD&A is an opportunity for management to proactively address any issues that might be affecting the unit’s financial status or questions that might be posed by readers of the financial statements. A thoughtful discussion and analysis of economic, financial, or budgetary factors that might influence the unit should be presented.

Financial Highlights

- The assets and deferred outflows of resources of the Town of Angier exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$18,182,759 (*net position*).
- The government’s total net position increased by \$388,319. Increase in the governmental activities amounts to \$525,199 and decrease in the enterprise type activities amounts to \$136,880. As a result of this increase, there have been some positive signs of the economy improving in our Town as well as Management instructing staff to curtail spending to aid in the improvement of the Town’s financial condition.
- As of the close of the current fiscal year, the Town of Angier’s governmental funds reported combined ending fund balances of \$3,652,254 a decrease of \$134,805 in comparison with the prior year. Approximately 17.32 percent of this total amount or \$632,655 is non spendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$2,867,778 or 82.21 percent of total general fund expenditures, for the fiscal year.
- At June 30, 2016, the Town of Angier’s total debt was \$4,724,405. Decrease of the Town’s debt was a result of an increase in the annual debt retirement even though there was additional debt added to the general long term debt.
- The Town of Angier has a Municipal Council Rating of 80 which is equivalent to a rating of A3/A by the national rating agencies. This rating is considered an investment grade rating and average or better than average for a town of Angier’s population.

Using this Annual Report

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 30–31) provide information about the activities of the Town as a whole and present a longer-term view of the Town’s finances. Fund financial statements start on page 32. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town’s operations in more detail than the government-wide statements by providing information about the Town’s most significant funds. The remaining statements provide financial

Management Discussion and Analysis
Town of Angier

information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the Town as a Whole

Our analysis of the Town as a whole begins on page 19. One of the most important questions asked about the Town’s finances is, “Is the Town as a whole better or worse as a result of the year’s activities?” The Statement of Net Position and the Statement of Activities report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year’s revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town’s net financial position and changes in them. Readers are encouraged to think of the Town’s net position—the difference between assets, liabilities, and deferred inflows of resources—as one way to measure the Town’s financial health, or financial position. Over time, increases or decreases in the Town’s net position are one indicator of whether its financial health is improving or deteriorating. The reader must also consider other nonfinancial factors, however, such as changes in the Town’s property tax base and the condition of the Town’s infrastructure, to assess the overall health of the Town.

In the Statement of Net Position and the Statement of Activities, we divide the Town into three kinds of activities:

- Governmental activities—Most of the Town’s basic services are reported here, including the general administration, police, fire, public services, and parks and recreation departments. Property taxes, sales and use taxes, intergovernmental revenues (utility franchise taxes, Powell Bill, etc.), along with various Federal and State grants finance most of these activities.
- Business-type activities—The Town charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Town’s utility systems (water, sewer, and storm water) and other business-type activities are reported here.
- Component units—The Town includes one separate legal entity in its report—the Town of Angier ABC Board. Although legally separate, this “component unit” is important because the Town appoints the board. The Town is not financially accountable for them, even though net profits are distributed to the Town.

Reporting the Town’s Most Significant Funds

Our analysis of the Town’s major funds begins on page 25. The fund financial statements provide detailed information about the most significant funds—not the Town as a whole. Some funds are required to be established by State law and by bond covenants. The Town’s two types of funds—governmental and proprietary—use different methods of accounting.

Governmental funds—Most of the Town’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the Town’s general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town’s programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation at the bottom of the fund financial statements.

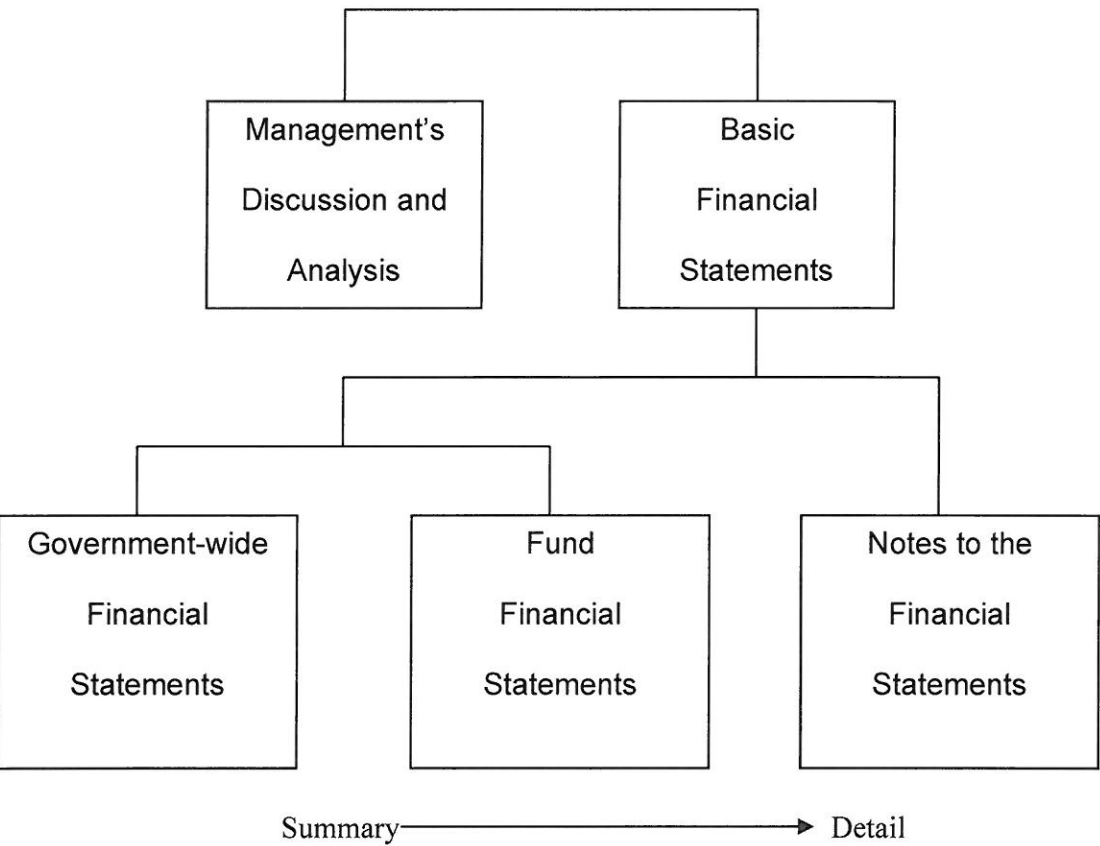

Proprietary funds—When the Town charges customers for the services it provides—whether to outside customers or to other units of the Town—these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the Town’s enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services to the Town’s other programs and activities—such as the Town’s fleet services operations.

THE TOWN AS A WHOLE AND GOVERNMENT-WIDE FINANCIAL ANALYSIS

The government-wide financial statements for the fiscal year ended June 30, 2016 are presented in accordance with GASB Statement (GASBS) No. 34, Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments.

Required Components of Annual Financial Report

Figure 1

Net Position

The Town’s combined net position increased slightly by 2.18% this year to \$18,182,759 from \$17,794,440. Given that the prior year’s change also saw an increase of \$451,928 (2.61%), it is a testament to Town Board’s fiscal policies, priority-based budgeting, and prudent fiscal management during this prolonged economic recession/recovery that the Town emerges these trying times as a stronger and leaner local government. Our analysis below focuses on the net financial position (Table 1), and changes in net position (Table 2) of the Town’s governmental and business-type activities.

Management Discussion and Analysis
Town of Angier

The net position for governmental activities of \$7,808,998 increased by \$525,199 compared to prior fiscal year. We believe these results from a combination of several factors which contributed to the improving fiscal health of the government. The most significant factor however was realizing revenues which exceeded fiscal controls on expenditures for both governmental and business-type activities. Restricted and unrestricted net position combined for a small net increase.

Town of Angier’s Statement of Net Position
Table 1

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015

Capital assets	5,254,144	4,657,318	10,294,809	10,645,949	15,548,953	15,303,267
Deferred outflows of resources	72,982	67,119	23,195	21,692	96,177	88,811
Total assets and deferred outflows of resources	9,094,509	8,761,163	14,681,981	15,013,174	23,776,490	23,685,526
Long-term liabilities outstanding	957,107	913,546	3,948,134	4,061,097	4,905,241	4,974,643
Other liabilities	283,464	318,477	345,980	364,285	629,444	682,762
Deferred inflows of resources	44,940	245,341	14,106	77,151	59,046	322,492
Total liabilities and deferred inflows of resources	1,285,511	1,477,364	4,308,220	4,502,533	5,593,731	5,979,897
Net Position:						
Net investment in capital assets	4,514,953	3,876,977	6,309,595	6,524,943	10,824,548	10,401,920
Restricted	584,742	642,750	-	-	584,742	642,750
Unrestricted	2,709,303	2,764,072	4,064,166	3,985,698	6,773,469	6,749,770
Total net position	\$ 7,808,998	\$ 7,283,799	\$ 10,373,761	\$ 10,510,641	\$ 18,182,759	\$ 17,794,440

The net position of our business-type activities also decreased slightly (\$10,373,761 compared to \$10,510,641) in 2016. Revenues were slightly lower than the previous year as the result of fewer access fees while expenditures stayed constant. This results in the Town having to use fund balance for operation and maintenance. The Town will use the unrestricted net position to finance the continuing operations of the enterprise operations of the Town (Water and Sewer) and their related capital investments. Unrestricted net position in the governmental activities—the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements—decreased to \$2,709,303 as compared to \$2,764,072. The Town will use the unrestricted net position to meet future budget needs and any potential deficits. These balances are also used as a tool to leverage the need for future tax increases. The net position of the Town has remained stable even though the demand for current and enhanced services continued to rise, and the Town emerges from the unusually tough economic period. Other surrounding regions as well as ourselves have experienced the same issues these last few years.

Revenues and Expenses

The Town’s total revenues (excluding transfers and special items) increased 8.64 percent (\$478,990) over the previous fiscal year. Property Taxes and Grants and contributions not restricted to specific programs led the majority of the increase which was coupled with increases in other taxes such as Sales & Use tax and Utility Franchise tax. Charges for services in the Town’s

Management Discussion and Analysis
Town of Angier

governmental activities experienced a decrease while the business-type activities experienced modest increases

The total cost of all programs and services increased 11.52 percent (\$586,642). The Town moderated the increased demands for services and the resulting cost to Town operations in

Management Discussion and Analysis

Town of Angier

continued response to the protracted economic recovery. Results of operations show that governmental functions showed a decrease and the business-type activities of the water and sewer fund saw a moderate increase when compared to last fiscal year. Even though there was a decrease in the governmental activities there were budgeted and expected increases for public safety and economic development.

Several aspects of the Town's financial operations influenced the total unrestricted government net position. These are highlighted as follows:

- The Town's continued high collection of property taxes billed exceeding a tax collection rate of 99%. There was an increase of \$116,859 in advalorem taxes.
- Sales Tax grew slightly during this fiscal year.
- Permits and Fees in the Town's governmental activities increased slightly over the past fiscal year. This was mainly due to an increase in garbage and recycling fees while other fund operating revenues remained virtually unchanged over the prior year.
- The net position for business-type operations decreased this year by \$136,880 with no rate increase, very little growth, increased expenditures. Harnett County sells Angier water and also treats the Town's wastewater. During FY2015-2016 the Town purchased 172,438,050 gallons from Harnett County compared to 152,451,920 gallons in FY2014-2015 which resulted in an increase in water expense paid to Harnett County of \$44,969 over the prior fiscal year. The County treated 166,095,844 metered gallons of wastewater during FY2015-2016 compared to 171,548,893 metered gallons during FY2014-2015; this resulted in an increase of \$15,372 paid to Harnett County for the treatment of wastewater over the previous fiscal year. The Town is billed for every gallon of wastewater that Harnett County is required to treat. However, the Town only bills its customers for usage which in FY2015-2016 was 96,058,781 gallons compared to 93,041,766 gallons billed during FY2014-2015. This alone played a significant role in the increase of expenditures.

Governmental Activities

Property tax revenues increased slightly compared to the prior year, primarily due to new home construction. Sales tax grew slightly in addition to the property taxes. The positive news in both these significant revenue sources is that the declines experienced in prior years have slowed and we are seeing a slight improvement monthly and throughout the fiscal year.

The total cost of all governmental activities this year increased by \$430,409. However, as shown in the Statement of Activities on page 31, the amount that our taxpayers ultimately finance for these activities through Town taxes was \$2,279,826, a decrease of \$50,165 from the prior year because much of the cost was paid by those who directly benefited from the programs or by other governments and organizations that subsidized certain programs with grants and contributions. The Town paid for the remaining "public benefit" portion of governmental activities with sales tax, other taxes and other general revenues.

Town of Angier's Governmental Activities
Table 3

	Total Cost of Services	Net Cost of Services
General Government	\$798,140	\$798,140
Public Safety	\$991,466	\$982,529
Transportation	\$988,430	-\$17,350
Economic and Physical Development	\$110,989	\$27,312
Cultural and Recreation	\$404,931	\$318,825
Library	\$151,253	\$143,656
Interest on Long Term Debt	\$26,714	\$26,714
Total	\$3,471,923	\$2,279,826

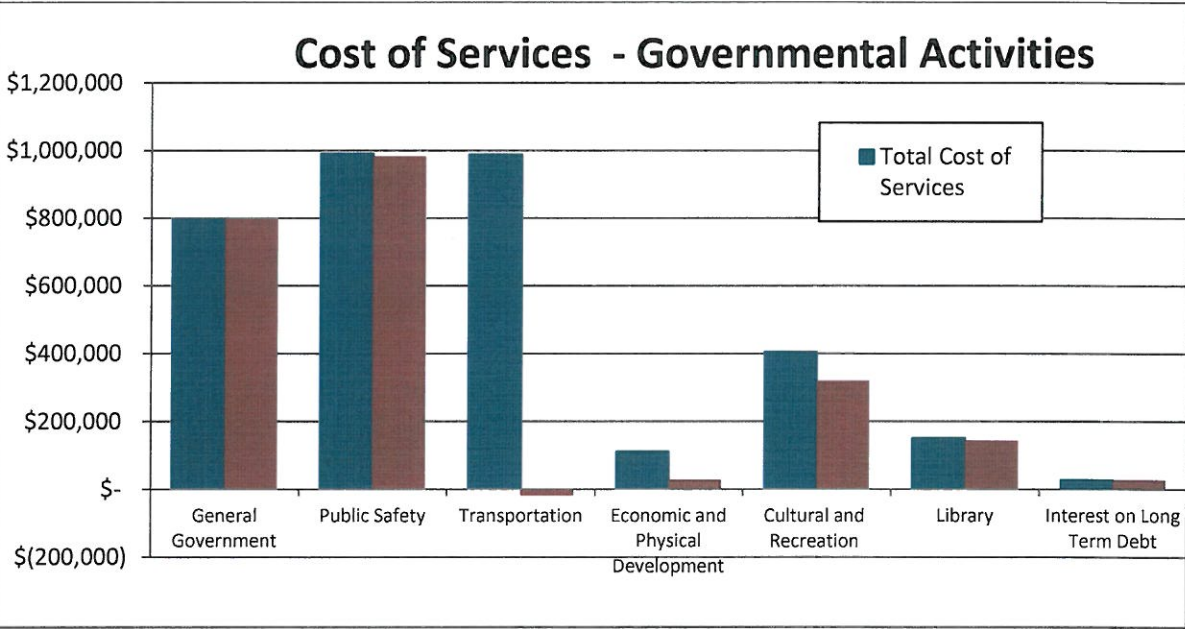

Table 3 presents the cost of each of the Town’s programs—general government, public safety, transportation, economic and physical development, cultural and recreation and library—as well as each program’s net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Town’s taxpayers by each of these functions.

Management Discussion and Analysis
Town of Angier

Business-type activities

Charges for services of the Town’s business-type activities (see Exhibit 2) increased slightly (.48%) over the past fiscal year (\$1,737,079 in 2015 compared to \$1,745,482 in 2016). This increase is due to a small increase in consumption, there were no water or wastewater rate increases during the fiscal year 2015-2016. Operating grants and contributions decreased by 22.17%. This is due to no growth within the town limits.

Financial Analysis of the Town’s Funds

As noted earlier, the Town of Angier uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund. The focus of the Town of Angier’s governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Angier’s financing requirements.

The general fund is the chief operating fund of the Town of Angier. At the end of the current fiscal year, fund balance available in the General Fund was \$2,867,778 while total fund balance reached \$3,644,933. The Town currently has an available fund balance of 82.21% of general fund expenditures, while total fund balance represents 104.49% of the same amount.

At June 30, 2016, the governmental funds of Town of Angier reported a combined fund balance of \$3,652,254 a 3.56 percent decrease from last year.

General Fund Budgetary Highlights: During the fiscal year, the Town of Angier revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. However, expenditures were held in check and the Town was able to comply with its budgetary requirements.

General Fund Revenues on the Governmental Fund Basis

Revenue Sources	Actual Amount	Percent of Total	Increase (Decrease) from 2015
Ad valorem taxes	1,731,443	51.3%	101,168
Other taxes and licenses	18,886	0.6%	(1,967)
Unrestricted intergovernmental	995,413	29.5%	64,276
Restricted intergovernmental	150,664	4.5%	(1,809)
Permits and fees	414,034	12.3%	(20,150)
Sales and services	42,472	1.3%	2,082
Investment earnings	2,623	0.1%	38
Miscellaneous	18,080	0.5%	(14,701)
	3,373,615	100%	128,937

The most significant component in General Fund revenues remains to be property taxes. As a result of new construction in the Town, the property taxes increased \$101,168 compared to the previous year. Also, permits and fees showed a decrease over the previous year by \$20,150. In addition, unrestricted intergovernmental revenue which is made up largely of sales and use taxes and franchise taxes are showing a slight increase of \$64,276. The most significant changes in General Fund expenditures when compared to the previous fiscal year occurred in Administration, Public Safety, Transportation, Powell Bill and Debt Service.

General Fund Expenditures on the Governmental Fund Basis

Expenditure Sources	Actual Amount	Percent of Total	Increase (Decrease) from 2015
General government	774,882	22.2%	15,126
Public safety	1,054,957	30.2%	83,868
Transportation	630,401	18.1%	76,471
Powell Bill	284,188	8.1%	252,680
Economic and physical development	112,734	3.2%	(21,851)
Culture and recreation	268,559	7.7%	14,095
Library	150,882	4.3%	10,590
Debt service	211,860	6.1%	9,283
	3,488,463	100%	440,262

Proprietary Funds. The Town of Angier’s proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer District at the end of the fiscal year amounted to \$4,064,166. This represents an increase of \$78,468 in unrestricted net position from the prior year.

Capital Asset and Debt Administration

Capital assets. The Town of Angier’s investment in capital assets for its governmental and business–type activities as of June 30, 2016, totals \$15,548,953 (net of accumulated depreciation). These assets include land, buildings, roads, machinery and equipment, park facilities, and vehicles.

Major capital asset transactions during the year include the following additions and no disposals:

Governmental Activities:

- 2012 Chevy Silverado..... 25,426
- 2015 Dodge Charger..... 31,462
- 2015 Dodge Charger..... 31,462
- 2015 Dodge Charger..... 31,462
- Park Improvements..... 10,206

Business-Type Activities:

- Automatic Flushing Devise – Whetstone Subdivision..... 3,432
- Vermeer 2” Hole Hammer..... 3,050
- Sewer Jetting Machine..... 53,301
- 3” Pump – Super T Series 4,200

Additional information on the Town’s capital assets can be found in note III.A.4 of the Basic Financial Statements.

Long-term Debt. As of June 30, 2016, the Town of Angier had total General Obligation Bonds \$960,214, Installment Purchases of \$739,191 and Revolving Loan Funds of \$15,000 which is backed by the full faith and credit of the Town. The remainder of the Town’s debt (\$3,010,000) represents bonds secured solely by specified revenue sources (e.g. revenue bonds).

Town of Angier’s Outstanding Debt
Figure 5

	Governmental Activities		Business-type Activities		Total	
	2016	2015	2016	2015	2016	2015
General obligation bonds	\$ -	\$ -	\$ 960,214	\$ 1,039,006	\$ 960,214	\$ 1,039,006

Revolving Loan	-	-	15,000	30,000	15,000	30,000
Revenue Bonds	-	-	3,010,000	3,052,000	3,010,000	3,052,000
Bond Anticipation Notes	-	-	-	-	-	-
Total	\$ 739,191	\$ 780,341	\$ 3,985,214	\$ 4,121,006	\$ 4,724,405	\$ 4,901,347

The Town of Angier’s total debt decreased by \$176,942 during the past fiscal year.

North Carolina General Statutes limit the amount of general obligation debt that a unit of government can issue to eight (8) percent of the total assessed value of taxable property located within that government’s boundaries. The legal debt margin for Town of Angier is \$21,988,086.

Additional information on the Town’s long term debt can be found in the Notes to the Financial Statements on pages 68-73 of the report.

Economic Factors and Next Year’s Budgets and Rates

The Town’s elected and appointed officials considered many factors when setting the fiscal year 2015-2016 budget and tax rates that support the governmental activities and fees that will be charged for the business-type activities. Commercial and residential permits issued were showing a slight improvement in year-to-year growth although still well below what the Town would like to see.

In adopting the Annual Budget for fiscal year 2015-2016, the Town realized that there will always be challenges. The Town is the leading catalyst responsible for initiating and delivering on three very broadly defined community, neighborhood and economic quality of life goals:

- Create, guide and sustain Angier as being a livable, safe and prosperous community
- Add competitive value and quality to the services and programs provided to our citizens, businesses and visitors through prudent and accountable financial stewardship, expanding public-private partnerships and importantly, trusting and empowering employees to improve productivity and increase innovation and
- Seek out and create opportunities for the Town to grow while keeping the desire of our citizens to have a high level of quality services with minimum staffing and low taxes/utility rates.

Budget Highlights for the Fiscal Year Ending June 30, 2016

Governmental Activities: The revenues budgeted increased very little over the previous year’s revenues due to the economic conditions we are experiencing. The Town will use these increases

Management Discussion and Analysis
Town of Angier

in revenues to finance programs that we currently have in place. However, with the slow growth the Town is experiencing, the Town’s fund balance is staying solid. Budgeted expenditures in the General Fund for the 2016 year are approximately 20.56 percent more than the 2015 budget.

Business – Type Activities: The Utility Fund Annual Budget of \$2,308,802 is 5.93% more than the 2014-2015 Annual Budget of \$2,179,565.

Requests for Information

This report is designed to provide an overview of the Town’s finances for those with an interest in this area. You can also visit our website at www.Angier.org. Questions concerning any of the information found in this report or requests for additional information should be directed to:

Town of Angier
North Carolina

**NOTES TO THE BASIC
FINANCIAL STATEMENTS**

Town of Angier, North Carolina

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2016

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Angier and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Angier is a municipal corporation that is governed by an elected mayor and four-member council. As required by generally accepted accounting principles, these financial statements present the Town and its component unit, a legally separate entity for which the Town is financially accountable. The discretely presented component unit presented below is reported in a separate column in the Town's financial statements in order to emphasize that it is legally separate from the Town.

Angier ABC Board

The members of the ABC Board's governing board are appointed by the Town. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at the Angier ABC Board, Angier, NC 27501.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category—*governmental, proprietary, and fiduciary*—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings

The Town reports the following major governmental fund:

General Fund - The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

Lillington/Willow/Roy Street Sidewalk Capital Project Fund – This fund is used to account for preliminary engineering, storm drainage and construction of curb and gutter with a 5' sidewalk along the aforementioned streets.

The Town reports the following non-major governmental funds:

Hwy 210/Hwy 55 Sidewalk Capital Project Fund – This fund is used to account for the construction of the Hwy210/Hwy 55 Sidewalk.

**Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016**

Angier Elementary Drainage Project Fund – This fund is used to account for drainage remediation on the Elementary School property.

Harnett County Arts Council Fund – This Special Revenue Fund that accounts for specific revenue source, NC Arts Council revenues, (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

The Town reports the following major enterprise fund:

Water & Sewer Fund – This fund is used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In Accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services,

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Angier because the tax is levied by Harnett County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Funds. All annual appropriations lapse at the fiscal-year end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. Project ordinances are adopted for the Special Revenue and Capital Projects Funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations. All amendments must be approved by the governing board. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows or Resources, and Fund Equity

1. Deposits and Investments

All deposits of the Town and of the ABC Board are made in board-designated official depositories and are secured as required by State law (G.S. 159-31). The Town and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law (G.S. 159-30(c)) authorizes the Town and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT). The Town's and the ABC Board's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT- Cash Portfolio, a SEC-registered (2a-7) external investment pool, is measured at amortized cost, which is the NCCMT's share price. The NCCMT- Term Portfolio's securities are valued at fair value.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income and considers all cash and investments to be cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

3. Restricted Assets

Powell Bill funds are classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through G.S. 136-41.4. Unexpended grant proceeds from Angier Elementary Drainage Project Funds are classified as restricted cash for Streets. Public Safety funds derived from forfeiture funds restricted for public safety and are classified as restricted cash. Revenue Bond reserve requirements are recorded as restricted cash in the Water and Sewer Fund. Customer deposits held by the Town before any services are supplies are restricted to the service for which the deposit was collected.

Town of Angier Restricted Cash

Governmental Activities		
General Fund		
	Streets	\$ 187,919
	Public Safety	5,860
Total governmental activities		<u>\$ 193,779</u>
Business-type Activities		
Water and Sewer Fund		
	Customer deposits	103,325
	Revenue Bond Reserve Requirements	79,870
Total Business-type Activities		<u>\$ 183,195</u>
Total Restricted Cash		<u>\$ 376,974</u>

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

4. Ad Valorem Taxes Receivable

In accordance with State law (G.S. 105-347 and G.S. 159-13(a)), the Town levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2015.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventory and Prepaid Items

The Town's inventory consists of expendable supplies that are recorded as expenditures as used rather than when purchased.

Inventories of the ABC Board are valued at the lower of cost (FIFO) or market.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These costs are expensed as the items are used.

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are \$2,500. Donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	Useful Life In Years
Buildings and improvements	20
Infrastructure	33-40
Computer Equipment	5
Computer Software	5
Furniture and Office Equipment	10
Maintenance and Construction Equipment	10
Medium and Heavy Motor Vehicles	5
Automobiles and light Trucks	5

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	Useful Life In Years
Building and Improvements	5-40
Furniture, Fixtures, & Equipment	3-10

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has one item that meets this criterion, contributions made to the pension plan in the 2016 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has several items that meet the criterion for this category - prepaid taxes, property taxes receivable, and deferrals of pension expense that result from the implementation of GASB Statement 68.

9. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Compensated Absences

The vacation policy of the Town provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

11. Net Position/Fund Balances

Net Position

Net Position in government-wide and proprietary fund financial statements are classified as net invested in capital assets; restricted; and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

**Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016**

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute – portion of fund balance that is restricted by State Statute [G.S. 159-8(a)].

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. Also unexpended funds received by Harnett County Board of Education restricted for the Angier Elementary Drainage project. This amount represents the balance of the unexpended balances of these funds.

Restricted for Public Safety – portion of fund balance that is restricted by revenue source for certain public safety expenditures.

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Town of Angier's governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for LEO pension obligation – portion of fund balance that will be used for the Law Enforcement Officers' Special Separation Allowance obligations.

Assigned fund balance – portion of fund balance that Town of Angier intends to use for specific purposes imposed by majority vote by quorum of the Town of Angier's governing body (highest level of decision-making authority). Any changes or removal requires majority action by the governing body.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

Subsequent year's expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned fund balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Angier has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-town funds, town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

12. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Government Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town of Angier's employer contributions are recognized when due and the Town of Angier has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

II. Stewardship, Compliance, and Accountability

A. Noncompliance with North Carolina General Statutes

The Budget Ordinance contained a clerical error that resulted in budgeted Ad Valorem Taxes in excess of State Law [G.S 159-13(b)(6)] limits by \$10,241 for the fiscal year ended June 30, 2016.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

III. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town and the ABC Board, these deposits are considered to be held by the Town's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town, the ABC Board, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town or the ABC Board under the Pooling Method, the potential exists for under-collateralization. This risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G. S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no formal policy regarding custodial credit risk for deposits.

At June 30, 2016, the Town's deposits had a carrying amount of \$7,138,148 and a bank balance of \$7,249,976. The carrying amount of deposits for the ABC Board was \$129,239 and the bank balance was \$122,916. At June 30, 2016, the Town's petty cash fund was \$260.

Of the Town's bank balance, \$500,000 was covered by federal depository insurance and \$6,749,976 was covered by collateral under the Pooling Method. All of the ABC Board's bank balance was fully covered by federal depository insurance.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

2. Investments

At June 30, 2016, The Town of Angier had \$310,958 invested with the North Carolina Capital Management Trust's Cash Portfolio which carried a credit rating of AAAM by Standard and Poor's. The Valuation Method for the North Carolina Capital Management Trust's Cash Portfolio is Amortized Cost. The Town has no policy regarding credit risk. The ABC Board has no investments.

Interest Rate Risk. The Town has no formal investment policy regarding interest rate risk.

Credit risk. The City has no formal policy regarding credit risk, but has internal management procedures that limits the Town's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated.

3. Receivables - Allowance for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position for the year ended June 30, 2016 are net of the following allowances for doubtful accounts:

<u>Funds</u>	<u>6/30/16</u>
General Fund:	
Taxes receivable	\$ 8,839
Accounts receivable	<u>10,881</u>
Total	19,650
Enterprise Fund:	
Accounts receivable	<u>99,000</u>

**Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016**

B. Liabilities

1. Pension Plan and Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The Town of Angier and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town of Angier and the ABC Board employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town of Angier's contractually required contribution rate for the year ended June 30, 2016, was 7.15% of compensation for law enforcement officers and 6.67% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town of Angier and the ABC Board were \$92,836 and \$7,132 respectively for the year ended June 30, 2016.

Refunds of Contributions – Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the Town reported a liability of \$103,446 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2014. The total pension liability was then rolled forward to the measurement date of June 30, 2015 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2015, the Town's

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

proportion was 0.02190%, which was a decrease of 0.0002% from its proportion measured as of June 30, 2014.

For the year ended June 30, 2016, the Town recognized pension expense of \$55,382. At June 30, 2016, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 24,316
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	-	29,450
Changes in proportion and differences between Town contributions and proportionate share of contributions	3,341	5,004
Town contributions subsequent to the measurement date	92,836	-
Total	<u>\$ 96,177</u>	<u>\$ 58,770</u>

\$92,836 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$ (35,115)
2018	(35,115)
2019	(35,061)
2020	49,860
2021	-
Thereafter	-
	<u>\$ (55,431)</u>

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

Actuarial Assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	4.25 to 8.55 percent, including inflation and productivity factor
Investment rate of return	7.25 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through December 31, 2009.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2015 are summarized in the following table:

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	29.0%	2.2%
Global Equity	42.0%	5.8%
Real Estate	8.0%	5.2%
Alternatives	8.0%	9.8%
Credit	7.0%	6.8%
Inflation Protection	6.0%	3.4%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2014 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate. The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 7.25 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate:

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

	<u>1%</u> <u>Decrease</u> <u>(6.25%)</u>	<u>Discount</u> <u>Rate</u> <u>(7.25%)</u>	<u>1%</u> <u>Increase</u> <u>(8.25%)</u>
Town's proportionate share of the net pension liability (asset)	\$ 721,350	\$ 103,447	\$ (417,123)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

1. *Plan Description*

The Town of Angier administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefits provisions to the North Carolina General Assembly.

All full-time law enforcement officers of the Town are covered by the Separation Allowance. At December 31, 2015 the Separation Allowance's membership consisted of:

Retirees receiving benefits	-
Terminated plan member entitled to but not yet receiving benefits	-
Active plan members	<u>13</u>
Total	<u>13</u>

A separate report was not issued for the plan.

2. *Summary of Significant Accounting Policies:*

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statements 67 and 68:

- contributions to the pension plan and earnings on those contributions are irrevocable
- pension plan assets are dedicated to providing benefits to plan members
- pension plan assets are legally protected from the creditors or employers

3. *Contributions.*

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There are no contributions made by employees. The Town’s obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings.

The annual required contribution for the current year was determined as part of the December 31, 2015 actuarial valuation using the projected unit credit actuarial cost method. The Actuarial assumptions included (a) 3.57% investment rate of return (net of administrative expenses) and (b) projected salary increases ranging from 3.50% to 7.35% per year. Both (a) and (b) included an inflation component of 3.00%. The assumptions did not include postretirement benefit increases. The actuarial value of assets was market value. The remaining amortization period at December 31, 2014 was 16 years.

Annual Pension Cost and Net Pension Obligation. The Town’s annual pension cost and the net pension obligation to the Separation Allowance for the current year were as follows:

Annual required contribution	\$13,850
Interest on net pension obligation	2,060
Adjustment to annual required contribution	<u>(3,620)</u>
Annual pension cost	12,290
Contributions made	<u>3,000</u>
Increase (decrease) in net pension obligation	9,290
Net pension obligation beginning of year	<u>41,192</u>
Net pension obligation end of year	<u>\$50,482</u>

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

4. *Funded Status and Funding Progress*

Fiscal Year Ended	<u>Three-Year Trend Information</u>		<u>Net Pension Obligation</u>
	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	
6/30/14	8,482	35.70%	33,498
6/30/15	10,694	28.05%	41,192
6/30/16	12,290	24.41%	50,482

As of December 31, 2015, the most recent actuarial valuation date, the plan was not Funded. The actuarial accrued liability for benefits and the unfunded actuarial accrued liability (UAAL) was 155,163. The covered payroll (annual payroll of active employees covered by the plan) was \$549,801, and the ratio of the UAAL to the covered payroll was 28.22 percent.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Town has also elected to have employees not engaged in law enforcement to participate in the Supplemental Retirement Income Plan. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State’s CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer’s salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2016 were \$42,169, which consisted of \$28,045 from the Town and \$14,124 from the law enforcement officers. The Town has elected to make contributions for each non-law enforcement employee. Also, the non-law

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

enforcement employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2016 were \$76,294 which consisted of \$28,736 from the Town and \$47,558 from the non-law enforcement employees.

d. Other Postemployment Benefit

Healthcare Benefits

Plan Description. Under the terms of a Town resolution, the Town administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). As of June 2, 2009, this plan provides postemployment healthcare benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least ten years of creditable service with the Town and at least twenty years of service with the North Carolina Local Government Employees' Retirement System (NCLGERS). Prior to June 2, 2009, employees qualified for similar level benefits after a minimum of five years of creditable service with the Town.

The Town will contribute toward the cost of group health insurance premiums up to the base plan only based on the years of service at retirement using the following schedule:

Years of NC Service at Retirement	Years of Town Service at Retirement	Percentage of Premium Paid by the Town
20 -24	10 or more	50%
25-29	15 or more	75%
30 or more	20 or more	100%

Also, the Town's retirees can purchase coverage for their dependents at the Town's group rates until age 65 or Medicare eligible. The Town Council may amend the benefit provisions. A separate report was not issued for the plan.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

Membership of the HCB Plan consisted of the following at December 31, 2014, the date of the latest actuarial valuation:

	General Employees:	Law Enforcement Officers:
Retirees and dependents receiving benefits	2	0
Active plan members	20	13
Total	22	13

Funding Policy. The Town pays the cost of coverage for the healthcare benefits paid to qualified retirees under a Town resolution that can be amended by Town Council. The Town’s members pay \$179, \$776, \$959 per month for child, spouse, or family dependent coverage respectively. The Town has chosen to fund the healthcare benefits on a pay as you go basis.

The current annual required contribution (ARC) rate is 1.86% of annual covered payroll. For the current year, the Town contributed \$8,880 or .697% of annual covered payroll. The Town obtains healthcare coverage through private insurers. The Town's required contributions, under a Town resolution, for employees not engaged in law enforcement and for law enforcement officers represented 1.10% and .76% of covered payroll, respectively. The Town’s contributions totaled \$8,880 in fiscal year 2016. There were no contributions made by employees. The Town’s obligation to contribute to HCB Plan is established and may be amended by the Town Council.

Summary of Significant Accounting Policies. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting and the Water & Sewer Fund, which is maintained on the accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Annual OPEB Cost and Net OPEB Obligation. The Town’s annual OPEB cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Town’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Town’s net OPEB obligation for the healthcare benefits:

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

Annual required contribution	\$ 24,666
Interest on net OPEB obligation	6,650
Adjustment to annual required contribution	6,353
Annual OPEB cost (expense)	<u>24,963</u>
Contributions made	<u>(8,880)</u>
Increase (decrease) in net OPEB obligation	16,083
Net OPEB obligation, beginning of year	166,254
Net OPEB obligation, end of year	<u><u>\$ 182,337</u></u>

The Town’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2016 were as follows:

For Year Ended June 30	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2016	\$ 24,963	35.6%	\$ 182,337
2015	\$ 36,612	22.5%	\$ 166,254
2014	\$ 38,753	37.8%	\$ 137,898

Funded Status and Funding Progress. As of December 31, 2015, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$231,327. The covered payroll (annual payroll of active employees covered by the plan) was \$1,273,626, and the ratio of the UAAL to the covered payroll was 18.2 percent. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2015 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.00 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 7.75 to 5.00 percent annually. The investment rate included a 3.00 percent inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 5 year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2015, was 30 years.

2. Other Employment Benefits

The Town has elected to provide death benefits to employees through the Death Benefit Plan for Members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple employer, State - administered, cost-sharing plan funded on a one year-term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the postemployment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The Town considers these contributions to be immaterial.

3. Disability Payment Plan

The Town Board of Commissioners has established a disability fund for Town employees. Money was originally deposited into a savings account for the purpose of compensating an employee who for reasons of illness or injury was unable to perform his/her duties. The fund would pay the employee 80% of his/her regular salary, beginning on the eleventh day of disability for a period not

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

to exceed 30 days. The Town originally deposited \$10,000 into a savings account for the purpose of compensating an employee who for reasons of illness or injury was unable to perform his duties. The fund would pay the employee 80% of his/her regular salary, beginning on the eleventh day of disability for a period not to exceed 30 days. The balance on hand in the fund at June 30, 2016 was \$17,662.

4. Deferred Outflows and Inflows of Resources

Deferred outflows of resources at year-end is comprised of the following:

Source	Amount
Contributions to pension plan in current fiscal year	\$ 92,836
Changes in proportion and differences between employer contributions and proportionate share of contributions	3,341
Total	<u>\$ 96,177</u>

Deferred inflows of resources at year-end is comprised of the following:

Prepaid taxes (General Fund)	\$ 276
Taxes Receivable (General Fund)	22,644
Differences between expected and actual experience	24,316
Net difference between projected and actual earnings on pension plan investments	29,450
Changes in proportion and differences between employer contributions and proportionate share of contributions	5,004
Total	<u>\$ 81,690</u>

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

5. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town protects itself from potential loss through the purchase of commercial insurance. Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insurance value of the property policy, and worker's compensation coverage up to statutory limits, and employee health coverage with no lifetime limit. Claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include amounts for material claims that have been incurred but are not reported (IBNRs), based on actuarial computations. At June 30, 2016, the Town did not have any material IBNRs reported in liabilities.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The Town does not carry flood insurance through the National Flood Insurance Plan (NPIF). The Town has decided to not obtain the coverage because it does not have any structures in a flood plain.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer and tax collector are each individually bonded for \$100,000 and \$100,000 respectively. The remaining employees that have access to funds are bonded under a blanket bond for \$10,000.

The Town of Angier ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The ABC Board has commercial property, general liability, auto liability, worker's compensation, and employee health coverage. The board also has liquor legal liability. There have been no significant reductions in insurance coverage from coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years.

6. Long-Term Obligations

a. Installment Purchases

The Town is indebted under installment purchase agreements as follows:

Serviced by the General Fund:

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

The Town entered into a \$1,250,000 Installment Financing Contract with First Citizens Bank & Trust Company on June 25, 2007 for the renovation and expansion of the Jack Marley Town Park and improvements to the intersection of highways 210 and 55. The underlying promissory note provides for fifteen annual payments of \$83,333.33, plus accrued interest at 3.87%, commencing July 25, 2008. The note is secured by the real and personal property of the Park under a deed of trust.

Balance at June 30, 2016 \$ 583,333

The Town entered into a \$45,708 Promissory Note Agreement with First Bank on August 8, 2013 for the purchase of two Dodge Charger Police Vehicles. The contract provides for monthly payments of \$1,330, including interest at 3.00%, commencing September, 2013. The note is secured by the equipment purchased.

Balance at June 30, 2016 2,650

The Town entered into a \$28,963 Promissory Note Agreement with First Bank on September 12, 2014 for the purchase of a Dodge Charger Police Vehicle. The contract provides for monthly payments of \$842.78, including interest at 3.00%, commencing October, 2014. The note is secured by the equipment purchased.

Balance at June 30, 2016 12,389

The Town entered into a \$122,141 Promissory Note Agreement with First Bank on December 23, 2013 for the purchase of a Boom Truck. The contract provides for monthly payments of \$3,554, including interest at 3.00%, commencing January, 2014. The note is secured by the equipment purchased.

Balance at June 30, 2016 21,137

The Town entered into a \$46,000 Promissory Note Agreement with First Bank on July 8, 2015 for the purchase of two Dodge Charger Police Vehicles. The contract provides for monthly payments of \$1,338.66, including interest at 3.00%, commencing August, 2015. The note is secured by the equipment purchased.

Balance at June 30, 2016 32,388

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

The Town entered into a \$95,000 Promissory Note Agreement with First Citizens Bank on March 28, 2016 for the purchase of three Dodge Charger Police Vehicles. The contract provides for monthly payments of \$2,719.39, including interest at 1.96%, commencing April, 2016. The note is secured by the equipment purchased.

Balance at June 30, 2016	87,294
Total General Fund	<u>\$ 739,191</u>

Annual debt service payments of the installment purchases as of June 30, 2016, including interest of \$94,275 for Governmental activities and \$0 for Business activities of are as follows:

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest

	\$	
Total	<u>975,214</u>	<u>\$ 198,808</u>

c. Revenue Bond

\$1,240,000 Water and Sewer Revenue Bonds, Series 2010, issued for water and sewer system improvements. Principal installments are due annually on June 1 beginning June 1, 2012 with semiannual interest payments due on December 1 and June 1, at an annual rate of 4.125%.

Balance June 30, 2016 \$1,163,000

\$1,921,000 Water and Sewer Revenue Bonds, Series 2012, issued for water and sewer system improvements. Principal installments are due annually on June 1 beginning June 1, 2014 with annual interest payments due on June 1, at an annual rate of 3.75%.

Balance June 30, 2016 \$1,847,000

Total Revenue Bonds \$ 3,010,000

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

The future payments of the revenue bond for the years ending June 30, 2016 are as follows:

Year Ending June 30	Principal	Interest
2017	43,000	117,236
2018	45,000	115,560
2019	47,000	113,805
2020	48,000	111,971
2021	51,000	110,100
2022-2026	286,000	519,113
2027-2031	346,000	458,756
2032-2036	419,000	385,740
2037-2041	506,000	297,454
2042-2046	609,000	190,954
2047-2051	610,000	64,451
	\$	
Total	3,010,000	\$ 2,485,140

The Town is in compliance with the covenants as to rates, fees, rentals and charges in Section 5 of the Bond Order, authorizing the issuance of the Water and Sewer Revenue Bonds, Series 2010 since its adoption in 2010, and Water and Sewer Revenue Bonds, Series 2012 since its adoption in 2012. Section 5.01 of the Bond Order requires the debt service coverage ratio to be no less than 110%. The debt service coverage ratio calculation for the year ended June 30, 2016, is as follows:

Operating Revenues	\$ 2,022,461
Operating expenses*	1,637,187
Operating income	385,274
Nonoperating revenues (expenses)**	11,478
Income available for debt service	396,752
Debt service, principal and interest paid (Revenue Bond only)	160,236
Debt service coverage ratio	248%

*Per rate covenants, this does not include the depreciation expense of \$415,123

**Per rate covenants, this does not include revenue bond interest paid of \$118,875

The Town has pledged future water and sewer customer revenues, net of specified operating expenses, to repay \$1,240,000 million in sewer system revenue bonds issued in May 2010 and the \$1,921,000 in sewer system revenue bonds issued in

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

March 2012. Proceeds from the bonds provided financing to construct improvements to the Town's sanitary sewer system and acquire entitlements to capacity in a regional sanitary sewer system. The bonds are payable solely from water and sewer customer net revenues and are payable through 2051. Annual principal and interest payments on the bonds are expected to require less than 25 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$5,495,140. Principal and interest paid for the current year and total customer net revenues were \$160,875 and \$194,389, respectively.

d. Changes in Long-Term Liabilities

During the year ended June 30, 2016 the following changes occurred in Long term liabilities:

	Balance June 30, 2015	Increases	Decreases	Balance June 30, 2016	Current Portion
Governmental activities:

Business-type activity long-term liabilities	<u>\$ 4,199,888</u>	<u>\$ 31,618</u>	<u>\$ (140,938)</u>	<u>\$ 4,090,568</u>	<u>\$ 142,434</u>

Compensated absences for governmental activities have typically been liquidated in the General Fund.

General Fund assets have and are used to satisfy net pension obligations.

e. Operating Lease Obligations

The Town has entered into operating leases for various office equipment for terms from three to five years. Rental expense under these agreements for the current

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

year was \$16,213 for Governmental Activities and \$2,052 for Business-type Activities.

Future minimum rental payments for the five years ending June 30 are as follows:

Year Ending June 30	Governmental Activities	Business-type Activities
2017	14,190	2,249
2018	12,639	2,096
2019	7,200	1,239
2020	1,973	197
Totals	\$ 36,002	\$ 5,781

C. Interfund Balances and Activity

Balances due to/from other funds at June 30, 2016 consist of the following:

Due to General Fund for expenditure of grants funds not received but recorded as a receivable at June 30, 2016 from the:

Hwy 210/Hwy 55 Sidewalk Capital Project Fund \$ 76,358

The interfund loan will be repaid upon receipt of grant funds, which is anticipated to occur within 60 days.

Transfers to/from other funds at June 30, 2016, consist of the following:

From General Fund to Hwy/Hwy 55 Project Fund	10,000
From General Fund to Lillington/Willow/Roy Street Capital Project Fund	<u>193,157</u>
Total	<u>\$ 203,157</u>

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided matching funds for various grant programs.

Town of Angier, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2016

D. Net Investment in Capital Assets

	Governmental	Business-type
Capital assets	\$ 5,254,144	\$ 10,294,809
less: long-term debt	739,191	3,985,214
Net investment in capital asset	<u>\$ 4,514,953</u>	<u>\$ 6,309,595</u>

E. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

<i>Total fund balance-General Fund</i>	<i>\$ 3,644,933</i>
Less:	
Stabilization by State Statute	399,673
Streets-Powell Bill	172,738
Appropriated Fund Balance in 2014 budget	151,821
Public Safety	5,860
Remaining Fund Balance	<u>2,914,841</u>

The Town of Angier has not adopted a minimum fund balance policy for the General Fund.

III. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several federal and State grants. Periodic audit of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

IV. Change in Accounting Principles/Restatement

In accordance with Governmental Accounting Standards Board (GASB) Statement 73, the Town reclassified the Law Enforcement Officers' Special Separation Allowance trust fund to the General Fund. As a result, net position for the governmental activities increased by \$44,043.

STATISTICAL SECTION

This part of the Town of Angier’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial information, note disclosures, and required supplementary information says about the government’s overall financial health.

Financial Trends – These tables contain trend information to help the reader understand how the government’s financial performance and well-being have changed over time.

Revenue Capacity – These tables contain information to help the reader assess the government’s most significant local revenue source, property tax.

Debt Capacity – These tables present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.

Demographic and Economic – These tables offer demographic and economic indicators to help the reader understand the environment within which the government’s financial activities take place.

Operating Information – These tables contain service and infrastructure data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs.

2014	2,003,704	28,316	2,032,020	1,846,612	185,408	166,483
2015	2,110,082	45,219	2,155,301	1,891,064	264,237	161,827
2016	2,022,461	49,600	2,072,061	2,052,310	19,751	156,997

Notes:

- (1) - Includes water and sewer charges and tap fees.
- (2) - Increase is due to state grant revenue for Phase I Wastewater Project
- (3) - Decrease is attributable to transfer of funds to upfront start-up cost for Phase I Wastewater Project. The Town has received state grant funds and will get reimbursement as soon as project is started.
- (4) - Increase is attributable to issuance of installment purchase obligations for Phase I Wastewater Project.

COMPLIANCE SECTION

**Report On Internal Control Over Financial Reporting And on Compliance and
Other Matters Based On An Audit Of Financial Statements Performed In
Accordance With
Government Auditing Standards**

Independent Auditor's Report

To the Honorable Mayor and Board of Commissioners
Town of Angier
Angier, North Carolina 27501

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Angier, North Carolina, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprises the Town of Angier's basic financial statements, and have issued our report thereon dated January 6, 2017. Our report includes a reference to other auditors who audited the financial statements of the Town of Angier Alcoholic Beverage Control Board, as described in our report on the Town of Angier's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Town of Angier Alcoholic Beverage Control Board were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Angier's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Angier's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Angier's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned

functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies. 2016-1

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Angier, North Carolina's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Angier's Response to Findings

The Town of Angier's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. The Town's response was not subjected to the auditing procedures applied in the audit of the financial and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Statements noted ☐ yes ☒ no

Federal Awards

There were no major federal awards

State Awards

There were no major state awards

**Town of Angier
Schedule of Findings
For the Fiscal Year Ended June 30, 2016**

Section II. Financial Statement Findings

MATERIAL WEAKNESS

2016-1 Noncompliance with North Carolina General Statutes

Criteria: State Law [G.S. 159-13(b)(6)] governs the amount of property tax revenues that can be budgeted annually

Condition: The budget ordinance adopted by the town included property tax revenues in excess of North Carolina General Statutes by \$10,241.

Effect: The budget ordinance was in violation of North Carolina General Statutes.

Cause: The budget working documents contained a budget amount for property tax revenues that followed North Carolina General Statutes. As part of the budget ordinance preparation process a clerical error occurred in transferring the information from the town budget working documents to the budget ordinance.

Recommendation: The Finance Officer as part of the budget ordinance preparation process should designate an individual to review and agree the budget working documents to the budget ordinance prior to presentation to the Town Board of Commissioners.

Management Response: The budget ordinance agreed in total to the budget working documents that included property tax revenues in compliance with North Carolina General Statutes. The Town Board of Commissioners were provided and used the budget working documents as part of the budget preparation process. As stated above the calculation of property tax revenues included in the budget working documents was in compliance but a clerical error occurred when information was transferred from the budget working documents to the budget ordinance. The Town agrees with this finding and will add procedures to the budget ordinance preparation process in the future.
