6. **New Business:**

A. Rezoning Request:
Applicant: K&C Holdings, LLC
Property in Question: W. Williams Street; Lot 15 & Tract "A"
Current Zoning: Angier R-10

Requested Zoning: Angier R-6

Planning Director Jeff Jones discussed the property in question. The property is two parcels located on W. Williams Street; Lot 15; Tract "A" with a total acreage of .55 acres. The current zoning is Angier R-10, and the applicant has requested a zoning change to Angier R-6. The property is currently vacant. Surrounding land uses include medium to high density residential and has public water and sewer services available. The future Land Use Plan has these parcels as High Density Residential, which R-6 would fall under. While just outside of the identified redevelopment area of the comprehensive plan. The high-density designation would support the rezoning and will facilitate additional infill housing development that will be similar to the adjacent housing. Staff recommends that this rezoning request be approved.

Chris Schiavone, *Gemstone Homes*, informed the Board that they have built products here in Angier which are the duplexes that were constructed on Broad Street. Their goal is to build a similar product on West Williams Street, but in order to do that the zoning would have to be changed to R-6.

The Board expressed how great the current duplexes look on Broad Street and how it sets a standard.

Standards of Review

The Planning Board shall consider and make recommendations to the Town Board of Commissioners concerning this proposed conditional zoning district. The following policy guidelines shall be followed by the Planning Board concerning zoning districts and no proposed zoning district will receive favorable recommendation unless:

- A. The proposal will place all property similarly situated in the area in the same category, or in appropriate complementary categories. *It was the consensus of the Board that this applies.*
- B. There is convincing demonstration that all uses permitted under the proposed district classification would be in the general public interest and not merely in the interest of the individual or small group. *It was the consensus of the Board that this applies.*
- C. There is convincing demonstration that the character of the neighborhood will not be materially and adversely affected by any use permitted in the proposed change. *It was the consensus of the Board that this applies.*
- D. The proposed change is in accordance with the comprehensive plan and sound planning practices. *It was the consensus of the Board that this applies.*

Board Action: Based on standards of review, the Planning Board unanimously voted to recommend the Board of Commissioners approve the rezoning request of the property located on W. Williams Street; Lot 15; Tract "A" from Angier R-10 to Angier R-6.

Motion: Robert Frey
Vote: 5-0; unanimous

Mr. Jones stated he may have the Board review some ordinance amendments in the near future.

7. Old Business:

Mr. Jones gave an update regarding last months agenda item which was the rezoning down NC-210 towards Lillington. This Board had a positive recommendation but it was based off of utilities being able to be served. The proposed rezoning was from R-30 to R-10 with the public hearing held last night. The Board of Commissioners did annex the property into town; however, they did not approve the rezoning. As it stands, this property will remain R-30 for the time being. The applicant is in the process of making some revisions to bring another rezoning to this Board.

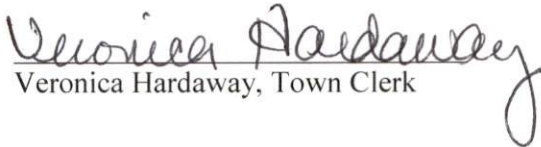

8. Adjournment: The Planning Board voted unanimously to adjourn the meeting at 6:51 pm.

Motion: Robert Frey
Vote: 5-0; unanimous

Robert Frey, Chairman

Attest:

Veronica Hardaway, Town Clerk
