## TOWN OF ANGIER

---

# Angier

October 22, 2021

### **Honorable Mayor, Members of the Town Council And Citizens of the Town of Angier:**

The Annual Comprehensive Financial Report (ACFR) of the Town of Angier for the fiscal year ended June 30, 2021, is submitted by the Town's Finance Department, and it is the comprehensive publication of the town's financial position at June 30, 2021, and results of operations for the fiscal year then ended for all funds of the Town. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accounts. This report is published to fulfill that requirement for the fiscal year ended June 30, 2021, and to provide complete and further accountability to citizens and other interested parties by providing a comprehensive report in lieu of the minimum basic financial statement requirements.

Responsibility for both the accuracy of the presented data, and the completeness and the fairness of the presentation, including all disclosures, rests with the town. We believe the enclosed data and presentation is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the Town's funds over the last fiscal year.

The Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is written to complement the MD&A and should be read in conjunction with it.

### ***Profile of the Town***

The Town of Angier, incorporated in 1901, is located in northeast Harnett County, approximately 21 miles from downtown Raleigh, the State Capital. Angier, the Town of Crepe Myrtles, is a town of quietness, security and tremendous opportunity for its residents. Despite the substantial growth in this area, Angier is still the kind of town where you know your neighbors. The Town covers approximately 3.80 square miles and has a population of 6,000 (staff estimate).

The Town operates under a council-manager form of government. The governing body is comprised of a Mayor and a four-member Town Council, elected on a nonpartisan basis for staggered four-year terms. The Mayor is elected on an at large basis and the Council members are elected by ward. The Town Council has policy-making and legislative authority and is responsible for the budget approval and appointment of the Town Manager, Town Attorney and Town Clerk. The Town Manager is responsible for implementing Council policies and Town Ordinances, managing daily operations and appointing department directors.

Angier is a *full service* town providing police, water distribution, sanitary sewer collection, street maintenance including curbs, gutters, sidewalks and other infrastructure, recreation and cultural activities, engineering, household sanitation services including recycling, planning and community development, code compliance and general administration, finance and human resources. Additionally, Angier and Harnett County have formed collaborative partnerships to provide several services including economic

development, inspections, code enforcement, fire marshal services, E-911 emergency services, tax billing and collections, and election board services. This report includes all of the Town’s activities in delivering and administering these services.

***Accounting System and Budgetary Control***

The diverse nature of governmental operations and the necessity of assuring legal compliance preclude recording and summarizing all governmental financial transactions and balances in a single accounting entity. Therefore, from an accounting and financial management viewpoint, a governmental unit is a combination of several distinctly different fiscal and accounting entities, each having a separate set of accounts and functioning independently of each other. Each accounting entity is accounted for in a separate "fund".

A fund is defined as a fiscal accounting entity with a self-balancing set of accounts recording cash and other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The Town's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's utilities and other enterprises are reported on the accrual basis.

The Town's accounting system is organized and operated on a "fund" basis and each fund is classified in one of two categories and further identified as one of five major types of funds:

<b>Classification</b>	<b>Fund Type</b>
Governmental Funds	General
Proprietary Funds	Special Revenue
	Capital Project
	Enterprise
	Capital Reserve

Governmental Funds: These funds are, in essence, accounting segregations of financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the differences between governmental fund assets and liabilities, the fund equity, is referred to as "Fund Balance". The primary measurement focus is upon determination of financial position and changes in financial position, which is supported by the statement of revenues, expenditures, and changes in fund balances. It may be supported or supplemented by more detailed schedules of revenues, expenditures, transfers, and other changes in fund balance.

Proprietary Funds: These funds are sometimes referred to as "income determination", "nonexpendable", or "commercial type" funds and are used to account for a government's on-going organizations and activities, which are similar to those often found in the private sector. All assets, liabilities, equities, revenues, expenses, and transfers relating to the government's business and quasi business activities - where net income and capital maintenance are measured - are accounted for through proprietary funds.

The generally accepted accounting principles here are those applicable to similar businesses in the private sector, and the measurement focus is upon determination of net income, financial position, and changes in financial position.

Budgetary Control: The City's financial management software provides the information for effective fiscal management. Through utilization of budgetary accounting methods, effective budgetary control and accountability can be maintained. The Annual Budget, which is adopted for legal control at the functional level but controlled at the department level, authorizes and provides the basis for the City's financial management. The total adopted appropriations constitute the maximum expenditure authorization during the fiscal year and can only be amended by action of the City Council. Expenditures are controlled at the department level for all General, Special Revenue, Capital Projects and Enterprise funds.

Budgetary control is maintained at this level by the encumbrance of purchase amounts prior to the release of purchase orders to vendors. Purchase orders, which would result in an overrun of departmental operating balances, are not released until additional appropriations are made available.

Open encumbrances at June 30, 2021, are treated as commitments, rather than expenditures, and such encumbered funds are appropriated for expenditure in fiscal year 2021-2022.

### ***Economic Condition and Outlook***

The Town of Angier boasts an excellent quality of life. We are a progressive and friendly community that offers small-town living, plus all of the benefits of being in close proximity to metropolitan areas of Raleigh, Durham, Chapel Hill and Research Triangle Part (RTP) and nearby North Carolina State University, Duke University, and the University of North Carolina at Chapel Hill. Our great location, affordable land and outstanding workforce make Angier one of the best places in the region to begin or expand a business or industry.

Southwest of Angier, we have Campbell University. The main campus is located in Buies Creek with a law school located in Raleigh. Founded in 1887, the University is the second largest private four-year university in North Carolina and is composed of more than 7,000 students. The university is a private, co-educational university with Baptist roots that offers more than 150 majors, tracks, and concentrations in the liberal arts, sciences, and professions. The university offers professional degrees in law, pharmacology and health sciences, business, education and divinity as well as a wide variety of undergraduate degrees. Campbell has opened the College of Osteopathic Medicine, the first of its kind in North Carolina. Additional health science programs have also been introduced, including the Physician Assistant Program, Master of Public Health and plans for a Doctor of Physical Therapy degree program. This will greatly enhance medical training in the region and state.

Over the past few years, the Board has focused much attention on ensuring the long-term financial viability of the Town and maintaining the capital infrastructure investment during this current economic environment. Due to the strength of the Town's economy in prior years, the Town has been able to sustain what it considers to be quality development. The results of these planning processes will aid in moving the Town toward its mission and vision.

The Town's Planning Department continues to see development requests as the wave of growth pushes towards Angier from Southern Wake County. During the past few fiscal years, 1,899 single-family lots were approved in Angier's jurisdiction. Using the staff estimates and projects, these lots will represent 45% of Angier's latest official population estimate at build out; given an average of 2.5 persons per household. This new development will also continue to increase the overall property tax value for the Town in the coming years. During the following fiscal years, property tax revenue projections are \$2,440,862.

### ***Long Term Financial Planning and Initiatives***

The Town of Angier continues to prepare for the future through various initiatives that will enhance the services provided by the Town. Angier is recognized for its quality of life. Careful planning for growth has been based on values for an attractive community, a strong commitment to environmental protection, adequate public facilities in advance of growth and a variety of local recreational opportunities while maintaining a strong financial position. The Town Board has committed to essential goals and initiatives.

The Town maintains fund balance sufficient to maintain consistent cash flow, generate interest income, eliminate the need for short term borrowings, and provides flexibility for unanticipated opportunities and needs during emergencies or disasters. In addition, fiscally responsible budgeting has been key in maintaining and improving the Town's outstanding Council rating of 80, which is equivalent to a rating of A3/A by national rating agencies.

### ***Major Initiatives:***

During the year, the Town was involved in several projects as directed by the Town Commissioners and Town Manager. These projects are based on staff budget requests and Commissioner's funding priorities. Upon budget approval, staff maintains and implements programs, policies and activities that support the achievement of the goals and initiatives, which reflect the Town's continued commitment to quality of life while maintaining its unique personality.

### ***Financial Information:***

**Budget Control:** In government, much more than in business, the budget is an integral part of a unit's accounting system and daily operations. The North Carolina General Statutes require all governmental units to adopt a balanced budget by July 1 of each year. The Town's budget ordinance, adopted by the Town Council, creates a legal limit on spending authorizations. Budgetary control is facilitated by the use of a requisition encumbrance and purchase order system that ensures the adequacy of funds prior to the placement of orders or the award of contracts.

**Internal Control:** The Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits to be derived, and the evaluation of costs and benefits requires estimates and judgments by management. We believe that the Town's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

### ***Other Information:***

**Independent Audit:** The General Statutes of North Carolina require an annual independent financial audit of all local government units in the State. Thompson, Price, Scott, Adams & Co. has examined the financial records of the Town and their opinion has been included in this report. Their examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, as they considered necessary in the circumstances. The auditor's report on the basic financial statements and combining and individual fund statements and

schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the compliance section.

As a recipient of federal and state assistance, the Town is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management.

### *Awards and Acknowledgements*

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Angier for its comprehensive annual financial report for the fiscal year ended June 30, 2020. Angier has received this prestigious award since 2011. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments: This report is the work of the efficient and dedicated staff of the Finance Department. We wish to express our appreciation to all members of the department who assisted and contributed to the preparation of this report and to the entire Town staff for their cooperation and assistance. Credit is also due to the mayor and the members of the Town Board for their unwavering support of the highest standards of professionalism in the management of Angier's finances.

Respectfully submitted,

# Town of Angier Organization Chart

# The History of *Angier*

Angier, the Town of Crepe Myrtles, is a town of quietness, security and tremendous opportunity for its residents. Despite the substantial growth in this area, Angier is still the kind of town where you know your neighbors.

**Jacob Calvin Williams**  
1834-1912

J.C. Williams, who grew up in the area that is now Angier, is credited with being the "Father" of the town. "Jake" was one of the eight children of Jacob Williams, and often called Jake-of-all. His ancestry has been traced all the way 'pack to the sixteenth century to the Isle of Wales, Scotland.

Jacob Calvin (Jake) married Nancy Norris of the Holly Springs section of Wake County and settled down to farm. He acquired a considerable amount of land. The first Harnett County Census in 1860 listed his holdings at 1300 acres. When the War between the States broke out in April 1861, the Williams men put down plows and picked up guns to defend their homes. Jake served with Clingman's Brigade, Hokes Division, Company C, 3 1 st North Carolina Regiment. Records show that Jake was captured in 1864 and served time at Ft. Delaware.

**Nancy E. Norris Williams**  
1835-1903

After his release, Jake returned home to rebuild his life. In 1872 he bought seven hundred and fifty acres of land for \$3,000.00 from A.D. Cutts. The town of Angier is now located on some of that land. He and Nancy settled down on what is now North Broad Street. There they raised seven sons.

It was Jake Williams' farm that the railroad, which put Angier on the map, was built in 1899. The railroad was little more than a tramway leading from Apex, in Wake County, to the Jake Williams' farm in Harnett County. It was first known and chartered as the Cape Fear and Northern Railroad; later, about 1906, the line was extended to Durham and the name changed to the Durham and Southern.

The purpose of the railroad was to haul lumber and logs. The area around Angier had a vast sweep of fine saw timber, from short and long straw pines. The trees had been bled by the turpentine workers, leaving long stems of southern pine ready to be cut and sawed into lumber. When the turpentine business came to an end, workers and their families moved south to find unbled timber; and a new era began. A new way of making a living and supporting a family began—saw milling. No longer was the ox cart and mule-drawn wagon efficient to move lumber and logs. Now the building of the railroad was hailed as a step forward. Farming was becoming more important; growing cotton and tobacco took the place of sawmill work as that era came to a close.

**Jonathan Cicero Angier  
1857-1911**

The late Col. John C. Angier married the niece of the late Washington Duke whose "golden leaf" had found its way north after the war. The demand for more tobacco is said to have been the impetus for Mr. Duke and his sons to establish the American Tobacco Company.

Col. Angier owned and operated a lumber plant in Cary and decided to build a railroad down along the pine ridge from Apex to Harnett County. Supposedly with the backing of the Dukes, he built a railroad to the farm of Jake Williams where a "Y" was also built for turning the engine around. In time, a station house was erected for the train crew to stay at night and daily round trips were made to Apex.

Jake and his son Benton operated a general store and a turpentine distillery. Goods were transported to and from Raleigh or Dunn by two or four-horse wagons. The coming of the railroad was a boon to farmers, merchants and lumbermen.

After much discussion and numerous suggestions, the station house was named Angier to honor Johnathan C. Angier who played a major part in bringing the railroad to the area.

In July 1899, Jake Williams secured a noted surveyor, Daniel E. Green, to map and plot the land surrounding his home and the newly erected depot. Streets were laid off and named and Angier had its beginnings. By act of the North Carolina Legislature of 1901 the town received its charter.

During the 1930's, The Angier Woman's Club undertook a project to have crepe myrtles planted on roadsides leading into town from all directions. The trees make a spectacular show during June, July and August. The town chose "The Town of the Crepe Myrtles" as its slogan. Every year a Crepe Myrtle Festival is held in September with food, crafts and entertainment for all.

The Durham and Southern railroad which had run through the center of town since 1899, had its last run from Apex to Dunn on July 5, 1979. No longer was the railroad the cheapest way to transport goods to and from the industries of Angier and was no longer realizing a profit. Mayor Jack Marley and other town officials requested that railroad officials donate to the town the depot and the one hundred foot right of way within town limits. That was done and so ended another era.

Today Angier is one of the fastest growing areas in Harnett County; it has been called the bedroom of the Research Triangle Park. Angier is located twenty miles south of Raleigh, nine miles north of Lillington, the Harnett County seat, and ten miles west of Interstate 40, on NC 210.

## Independent Auditor's Report

To the Honorable Mayor and  
Board of Commissioners  
Town of Angier  
Angier, North Carolina

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Angier, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Angier ABC Board were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Angier, North Carolina, as of June 30, 2021, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Other Postemployment Benefits Schedules of Changes in the Net OPEB Liability and Related Ratios, the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Liability and Contributions, and Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary and Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Town of Angier, North Carolina. The combining and individual fund statements, budgetary schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, and other schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, based on our audit, the procedures performed as described above, the combining and individual fund financial statements, budgetary schedules, and other schedules, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2021 on our consideration of the Town of Angier's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Angier's internal control over financial reporting and compliance.

*Thompson, Price, Scott, Adams & Co., PA*

*Wilmington, North Carolina*

## MANAGEMENT'S DISCUSSION AND ANALYSIS

## Management's Discussion and Analysis

As management of Town of Angier, we offer readers of Town of Angier's (the "Town") financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

The Management Discussion and Analysis ("MD&A") is an opportunity for management to proactively address any issues that might be affecting the unit's financial status or questions that might be posed by readers of the financial statements. A thoughtful discussion and analysis of economic, financial, or budgetary factors that might influence the Town should be presented.

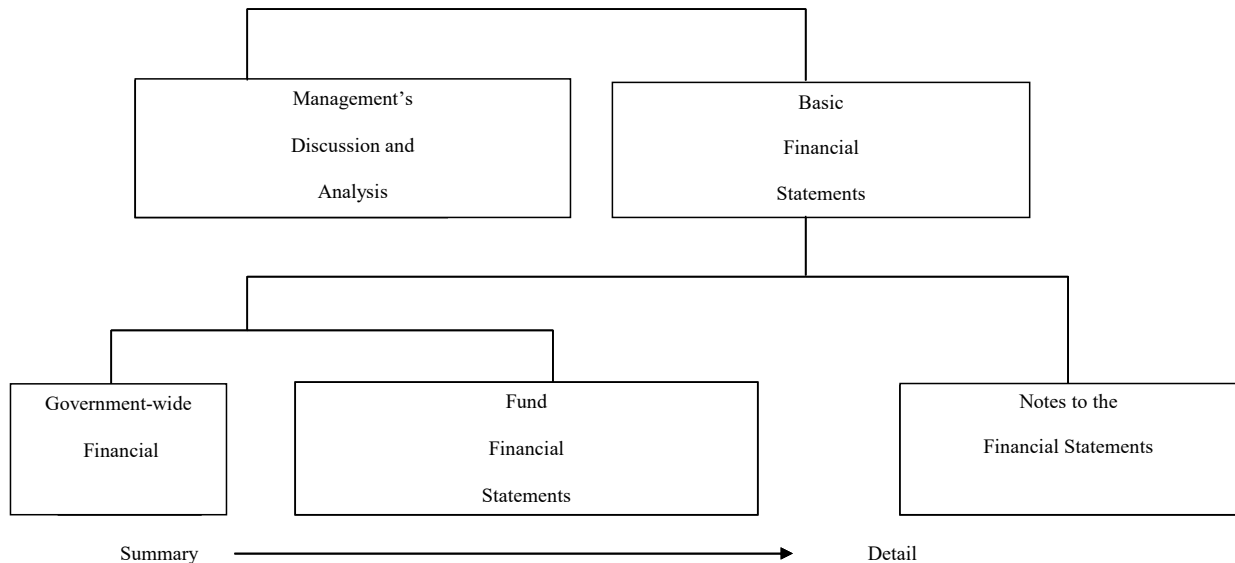

### Financial Highlights

- The assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by approximately \$20,313,310 (net position).
- The Town's total net position increased by \$713,178. Increase in governmental activities amounts to \$1,158,790 and an decrease in the business-type activities amounts to \$445,612.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$6,180,790 an increase of \$1,429,518 in comparison with the prior year. Approximately 16 percent of this total amount, or \$957,700 is non spendable or restricted.
- At June 30, 2021, the Town's total debt was \$4,699,724. The decrease of the Town's debt, \$323,562, was the result of timely debt service payments.

### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Town of Angier's basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Angier.

**Required Components of Annual Financial Report**  
**Figure 1**

## Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the Notes is the required supplemental information. This section contains funding information about the Town's Pension Plans.

## Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the Town's basic services such as public safety, streets, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water services offered by the Town of Angier.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

## Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Angier, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town of Angier can be divided into two categories: governmental funds and proprietary funds.

**Governmental Funds** - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there more or less financial resources available to finance the Town's programs. The relationship between activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Angier adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

**Proprietary Funds** - Town of Angier has one kind of proprietary fund. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Angier uses enterprise funds to account for its water activity. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Notes to the Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information** - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of Angier's progress in funding its obligation to provide pension benefits to its employees.

**Government Wide Financial Analysis**

**Town of Angier's Net Position**

**Figure 2**

	Governmental Activities		Business-Type Activities		Total	
	2021	2020	2021	2020	2021	2020
Current and other assets	\$ 6,245,812	\$ 4,998,890	\$ 4,644,582	\$ 5,179,318	\$ 10,890,394	\$ 10,178,208

Net Position:						
Net investment						
in capital assets	4,598,194	4,705,666	6,545,771	6,527,814	11,143,965	11,233,480
Restricted	957,700	515,699	-	-	957,700	515,699
Unrestricted	4,287,246	3,462,985	3,924,399	4,245,205	8,211,645	7,708,190
Total net position	\$ 9,843,140	\$ 8,684,350	\$ 10,470,170	\$ 10,773,019	\$ 20,313,310	\$ 19,457,369

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of the Town of Angier exceeded liabilities and deferred inflows by \$20,313,310 as of June 30, 2021. The Town's net position increased by \$713,178 for the fiscal year ended June 30, 2021. However, the largest portion \$11,143,965 (55%) reflects the Town's net investment in capital assets (e.g. land, buildings, machinery, and equipment). The Town of Angier uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Angier's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Angier's net position, \$957,700 (5%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$8,211,645 (40%) is unrestricted.

The primary aspects of the Town's financial operations that influenced the total unrestricted governmental net position was continued diligence in the collection of property taxes by accomplishing a tax collection percentage of 99.70%.

**Governmental activities.** Governmental activities increased the Town's net position by \$1,158,790. This increase in the Town's governmental activities net position can be attributed to increase in revenues.

**Business-type activities.** Business-type activities decreased the Town of Angier net position by \$445,612. The decrease in the Town's business-type activities can be attributed to the increase in expenses.

**Financial Analysis of the Town's Funds**

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Angier's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the Town of Angier. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$5,223,090 while total fund balance reached \$5,797,708. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures, which were \$3,962,912. Unassigned fund balance represents 132% of total General Fund expenditures, while total fund balance represents 146% of that same amount.

At June 30, 2021, the governmental funds of Town of Angier reported a combined fund balance of \$6,180,790 an increase of \$1,429,518 from last year. Total fund balance for all governmental funds represents 156% of total Governmental Funds expenditures.

**General Fund Budgetary Highlights:**

During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

*Proprietary Funds.* The Town of Angier's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$3,924,399. The total change in net position for the Water and Sewer Fund was an decrease of \$445,612 from the prior year.

**Capital Asset and Debt Administration**

**Capital assets.** Town of Angier's investment in capital assets for its governmental and business-type activities as of June 30, 2021, totaled \$15,843,688 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, and vehicles.

Major capital assets transactions during the year include:

- Construction in progress for Business-type Activities of \$276,546.
- Purchased new storage building for \$42,560.

**Town of Angier's Capital Assets

Additional information on the Town of Angier's capital assets can be found in the notes to the financial statements within Section III, A (4) Detail Notes on All Funds, Assets, Capital Assets.

**Long-term Debt.** As of June 30, 2021, the Town of Angier had total debt outstanding of \$4,699,724. The entire amount of the Town's debt represents installment purchases for government activities, as we currently have no debt backed by the full faith and credit of the Town (bonded), or Utility (revenue bonds).

**Town of Angier's Outstanding Debt  
Figure 5**

	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020

Direct Placement Installment purchases	166,667	250,000	-	-	166,667	250,000
Revolving loan	-	-	1,235,650	1,330,529	1,235,650	1,330,529
Revenue bonds	-	-	2,776,000	2,827,000	2,776,000	2,827,000
<b>Total</b>	<b>\$ 166,667</b>	<b>\$ 250,000</b>	<b>\$ 4,533,057</b>	<b>\$ 4,773,286</b>	<b>\$ 4,699,724</b>	<b>\$ 5,023,286</b>

The Town of Angier's total installment debt decreased by \$323,562 during the current fiscal year. North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Town of Angier is \$33,927,205. Additional information regarding the Town of Angier's long-term debt can be found in the notes of the Basic Financial Statements within Section III, B (6b) Detail Notes on All Funds, Liabilities, Long Term Obligations, Changes in General Long-Term Liabilities.

### Economic Factors and Next Year's Budgets and Rates

The Town's elected and appointed officials considered many factors when setting the fiscal year 2020-2021 budget and tax rates that support the governmental activities and fees that will be charged for the business-type activities.

In adopting the Annual Budget for fiscal year 2020-2021, the Town realized that there will always be challenges. The Town is the leading catalyst responsible for initiating and delivering on three very broadly defined community, neighborhood and economic quality of life goals:

- Create, guide and sustain Angier as being a livable, safe and prosperous community
- Add competitive value and quality to the services and programs provided to our citizens, businesses and visitors through prudent and accountable financial stewardship, expanding public-private partnerships and importantly, trusting and empowering employees to improve productivity and increase innovation and
- Seek out and create opportunities for the Town to grow while keeping the desire of our citizens to have a high level of quality services with minimum staffing and low taxes/utility rates.

The following pivotal economic indicators reflect the growth and prosperity of the Town:

- Local Option Sales Tax distributions increased 14.54% (\$134,274) in comparison to FY 2020.
- The Town's continued high collection rate of property taxes coupled with growth had proven to exceed prior year Ad Valorem collection by 10.44% (\$184,915).
- 1,899 Single-Family lots approved, through which \$2,440,862 additional annual tax revenue will be generated within the following few fiscal years.

#### Budget Highlights for the Fiscal Year Ending June 30, 2021

**Governmental Activities:** The FY 2020-2021 Adopted Budget was amended throughout the fiscal year, leading to a budgetary increase of 24.30% (\$1,108,958). A couple attributable factors for such amendments are Ad Valorem and Local Option Sales Tax revenue received beyond their original budgeted amount; \$225,478 and \$206,810 respectively.

The resulting General Fund net position, \$1,158,790, is due not only to a rise in revenue, but changes to the way in which expenses were accounted for. During FY 2020-2021, the Town used a live cost allocation method regarding Administrative salaries, whereby the Water & Sewer Fund absorbed its' share of such costs; thereby alleviating the General Fund and contributing toward its' net position.

Subsequently, the revenues budgeted for FY 2021-2022 are moderately aggressive relative to the FY 2020-2021 Budget (un-amended); resulting in an increase of 11.13% (\$507,922). Reason for a bit more aggressive budgeting is due to an expected rise in approved single-family lots as well as a positive correlation to the increase in Local Option Sales Tax distributions.

**Business** – The FY 2020-2021 Adopted Budget was amended throughout the fiscal year, leading to a budgetary increase of 20.26% (\$798,506). This increase is primarily due to budget amendments that allowed for the completion of outstanding projects, due to the COVID-19 pandemic, from FY 2019-2020 .

Subsequently, the revenues budgeted for FY 2021-2022 were moderate relative to the FY 2020-2021 Budget (un-amended); resulting in an increase of 4.91% (\$193,384). Reason for such a minor increase is due to an in-town sewer rate change from \$6.15 to \$6.61 (per thousand gallons) as well as an expected rise of utility customers; corresponding with the influx of residents.

As discuss within "Governmental Activities" section of Budget Highlights, the Water & Sewer Fund absorbed its' share of operational costs. Understanding this, and regardless of the slight increase in revenue, during FY 2020-2021 the Water & Sewer Fund experience a decrease of \$445,612 in net position. One other contributing factor to this decrease is due to litigation payments.

#### Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. You can also visit our website at [www.angier.org](http://www.angier.org). Questions concerning any of the information found in this report or requests for additional information should be directed to:

## NOTES TO THE FINANCIAL STATEMENTS

**Town of Angier, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Angier, NC and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Angier is a municipal corporation that is governed by an elected mayor and a four-member board. As required by generally accepted accounting principles, these financial statements present the Town of Angier and its component unit, a legally-separate entity for which the Town is financially accountable. The discretely presented component unit presented below is reported in a separate column in the Town's financial statements in order to emphasize that it is legally separate from the Town.

Angier ABC Board

The members of the ABC Board's governing board are appointed by the Town. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at Angier ABC Board, 305 N Raleigh St, Angier, NC. 27501.

B. Basis of Presentation

*Government-wide Statements*: The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements*: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – *governmental* and *proprietary* – are presented. The Town has no Fiduciary Funds to report. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The Town reports the following major governmental fund:

**General Fund.** The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The Town reports the following major enterprise funds:

**Water Fund and Sewer Fund.** These two separate funds are used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

*Government-wide and Proprietary Fund Financial Statements.* The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Angier because the tax is levied by Duplin County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Fund. All annual appropriations lapse at the fiscal-year end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. All amendments must be approved by the governing board. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

1. Deposits and Investments

All deposits of the Town and the ABC Board are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town and the ABC board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The Town and the ABC Board's investments are reported at fair value. The NCCMT Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value. The NCCMT Term Portfolio is bond fund, has no rating and is measured at fair value. As of June 30, 2021, The Term portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

3. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2020. As allowed by State law, the Town has established a schedule of discounts that apply to taxes which are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

4. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

5. Inventory and Prepaid Items

The inventories of the ABC Board are valued at cost (first in, first out), which approximates market.

The inventories of the ABC Board consist of materials and supplies held for subsequent use. The cost of these inventories are expensed when consumed rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

6. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization cost for the Town's assets is \$1,000. All other purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimate historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Infrastructure	20 years
Buildings	33-40 years
Maintenance and construction equipment	10 years
Medium and heavy motor vehicles	5 years
Automobiles and light trucks	5 years
Furniture and equipment	10 years
Computer software	5 years
Computer equipment	5 years

Property, plant, and equipment of the Town of Angier and the Town of Angier ABC Board are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings and improvements	5-40 years
Furniture, fixtures, and equipment	3-10 years

7. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town does have two item that meet this criterion, pension deferrals and OPEB deferrals for the 2021 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has only three items that meet the criterion for this category - property taxes receivable, pension deferrals, and OPEB deferrals for the 2021 fiscal year.

**8. Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

**9. Compensated Absences**

The vacation policy of the Town provides for the accumulated at the rate of up to thirty (30) days per year with each leave being fully vested when earned. For the Town's government wide and proprietary funds and the ABC Board, an expense and a liability for compensated absences and the salary-related payments are recorded with the funds as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

Both the Town and the ABC Board's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

**10. Restricted Assets**

The Town adopted enabling legislation on October 1, 1990 related to sewer fees charges to commercial and institutional customers. The fees collected for this purpose can only be used for Waste Water Treatment Plant expansion. Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected. Powell Bill funds are also classified as restricted cash because they can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4.

**Town of Angier Restricted Cash****Governmental Activities:**

Streets	\$ 263,409
Powell Bill	200,765
Public safety	8,790
Public works	<u>119,673</u>

**Total governmental activities**

\$ 592,637

**Business-Type Activities:**

Water and Sewer Fund	Customer deposits	\$ 103,657
	Wastewater Treatment Expansion	253,154

**Total Business-Type Activities**

\$ 356,811

**Total Restricted Cash**

\$ 949,448

**11. Net Position/Fund Balances****Net Position**

Net position in government-wide and proprietary fund financial statements are classified as investment in capital assets; restricted and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

### Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

**Nonspendable Fund Balance** – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

**Restricted Fund Balance** – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures and municipal vehicle tax collections that are restricted for maintaining, repairing, constructing, widening, or improving public streets in the town that do not form part of the State highway system. This amount represents the balance of total unexpended Powell Bill funds and municipal vehicle tax collections.

**Committed Fund Balance** – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of the Town of Angier's governing board (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

**Assigned Fund Balance** – portion of fund balance that the Town of Angier intends to use for specific purposes.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed.

**Unassigned Fund Balance** – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Angier has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification, expenditures are to be spent from restricted balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

The Town of Angier has also adopted a minimum fund balance policy for the general fund which instructs management to conduct the business of the Town in such a manner that available fund balance is at least equal to or greater than 10% of budgeted expenditures. Any portion of the general fund balance in excess of 10% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the Town in a future budget.

12. Defined Benefit Cost-Sharing Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town's employer contributions are recognized when due and the Town has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

II. Stewardship, Compliance, and Accountability

A. Significant Violations of Finance-Related Legal and Contractual Provisions

1. Noncompliance with North Carolina General Statutes

None.

2. Contractual Violations

None.

3. Excess of Expenditures over Appropriations

None.

III. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's or ABC board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town or ABC Board, these deposits are considered to be held by the Town's or ABC Boards agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town and the ABC Board have no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2021, the Town's deposits had a carrying amount of \$4,952,934 and a bank balance of \$4,977,477. \$250,000 of which was covered by federal depository insurance. The rest of which was covered under the pooling method. The ABC Board's deposits had a carrying amount of \$704,627 and a bank balance of \$736,822. All of the bank balance was covered by federal depository insurance. At June 30, 2021, the Town's petty cash fund totaled \$260.

## 2. Investments

At June 30, 2021, the Town of Angier had \$4,931,390 invested with the North Carolina Capital Management Trust's Government Portfolio which carried a credit rating of AAAM by Standard and Poor's. The Town has no policy regarding credit risk.

## 3. Receivables - Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position for the year ended June 30, 2021 were as follows:

	Accounts	Taxes and Related Accrued Interest	Due From Other Governments	Total
<b>Governmental Activities:</b>				
General	\$ 114,771	\$ 19,583	\$ 281,734	\$ 416,088
Total receivables	114,771	19,583	281,734	416,088
Allowance for doubtful accounts	(22,652)	(8,136)	-	(30,788)
Total Governmental Activities	<u>\$ 92,119</u>	<u>\$ 11,447</u>	<u>\$ 281,734</u>	<u>\$ 385,300</u>
<b>Business-Type Activities:</b>				
Water and Sewer	\$ 740,598	\$ -	\$ -	\$ 740,598
Total receivables	740,598	-	-	740,598
Allowance for doubtful accounts	(126,702)	-	-	(126,702)
Total Business-Type Activities	<u>\$ 613,896</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 613,896</u>

## 4. Capital Assets

### Primary Government

Capital asset activity for the Primary Government for the year ended June 30, 2021, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
<b>Governmental activities:</b>				
<b>Capital assets not being depreciated:</b>				
Land	\$ 1,937,502	\$ -	\$ -	\$ 1,937,502
Construction in progress	100,502	-	-	100,502
Total capital assets not being depreciated	<u>2,038,004</u>	<u>-</u>	<u>-</u>	<u>2,038,004</u>
<b>Capital assets being depreciated:</b>				
Buildings	3,922,694	62,427	-	3,985,121
Infrastructure	822,438	-	-	822,438

B. Liabilities

1. Pension Plan and Postemployment Obligations

a. Local Governmental Employees' Retirement System

*Plan Description.* The Town is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided.* LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

*Contributions.* Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. The Town employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town's contractually required contribution rate for the year ended June 30, 2021, was 10.84% of compensation for law enforcement officers and 10.15% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town were \$217,131 for the year ended June 30, 2021.

*Refunds of Contributions* – Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2021, the Town reported a liability of \$1,039,510 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension asset was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2020 (measurement date), the Town's proportion was 0.02909%, which was an increase of 0.00641% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Town recognized pension expense of \$377,946. At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 131,272	\$ -
Changes of assumptions	77,360	-
Net difference between projected and actual earnings on pension plan investments	146,283	-
Changes in proportion and differences between Town's contributions and proportionate share of contributions	79,101	15,165
Town's contributions subsequent to the measurement date	217,131	-
Total	<u>\$ 651,147</u>	<u>\$ 15,165</u>

\$217,131 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ended June 30</b>	
2022	\$ 12,759
2023	154,352
2024	100,447
2025	43,293
2026	-
Thereafter	-

*Actuarial Assumptions.* The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary Increases	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of position plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2020 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	<u>100%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

*Discount rate.* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate.* The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 7.00 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

	<b>1 % Decrease (6.00%)</b>	<b>Discount Rate (7.00%)</b>	<b>1% Increase (8.00%)</b>
Town's proportionate share of the net pension liability (asset)	\$2,109,052	\$1,039,510	\$150,645

*Pension plan fiduciary net position.* Detailed information about the pension plan’s fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

*Plan Description*

The Town of Angier administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the Town’s qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time Town law enforcement officers are covered by the Separation Allowance. At December 31, 2019, the Separation Allowance’s membership consisted of:

Retirees receiving benefits	1
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	15
Total	<u>16</u>

*Summary of Significant Accounting Policies*

**Basis of Accounting** – The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

*Actuarial Assumptions*

The entry age actuarial cost method was used in the December 31, 2019 valuation. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 to 7.75 percent, including inflation and productivity factor
Discount rate	1.93 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2019.

Mortality rates are based on the RP-2000 Mortality tables with adjustments for mortality improvements based on Scale AA.

*Contributions*

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town’s obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The Town paid \$11,688 as benefits came due for the reporting period.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2021, the Town reported a total pension liability of \$276,507. The total pension liability was measured as of December 31, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the Town recognized pension expense of \$29,106.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 19,065	\$ 76,188
Changes of assumptions and other inputs	80,709	6,562
Benefit payments and administrative expenses subsequent to the measurement date.	-	-
Total	<u>\$ 99,774</u>	<u>\$ 82,750</u>

\$0 paid as benefits came due subsequent to the measurement date have been reported as deferred outflows of resources. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended</u>	
2022	4,188
2023	4,188
2024	4,372
2025	3,593
2026	1,037
Thereafter	(354)
	<u>\$ 17,024</u>

*Sensitivity of the Town's total pension liability to changes in the discount rate.* The following presents the Town's total pension liability calculated using the discount rate of 1.93 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.93 percent) or 1-percentage-point higher (2.93 percent) than the current rate:

	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
	<u>(0.93%)</u>	<u>(1.93%)</u>	<u>(2.93%)</u>
Town's proportionate share of the net pension liability (asset)	\$300,017	\$276,507	\$254,986

**Schedule of Changes in Total Pension Liability  
Law Enforcement Officers' Special Separation Allowance**

	<u>2021</u>
Beginning balance	\$ 265,989
Service Cost	16,437
Interest on the total pension liability	8,481
Changes of benefit terms	-
Differences between expected and actual experience in the measurement of the total pension liability	(85,087)
Changes of assumptions or other inputs	82,375
Benefit payments	(11,688)
Other changes	-
Ending balance of the total pension	<u>\$ 276,507</u>

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

***Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources of Related to Pensions***

Following is information related to the proportionate share and pension expense for all pension plans:

	<b>LGERS</b>	<b>LEOSSA</b>	<b>Total</b>
Pension Expense	\$ 377,946	\$ 29,106	\$ 407,052
Pension Liability	1,039,510	276,507	1,316,017

	<hr/>	<hr/>	<hr/>
Totals	15,165	82,750	97,915

**c. Supplemental Retirement Income Plan for Law Enforcement Officers**

*Plan Description* – The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Town has also elected to have employees not engaged in law enforcement to participate in the Supplemental Retirement Income Plan. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State’s Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy* – Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer’s salary, and all amounts contributed are vested immediately. The law enforcement officers may also make voluntary contributions to the plan.

Contributions for the year ended June 30, 2021 were \$177,854, which consisted of \$99,002 from the Town and \$78,852 from the employees. The Town has elected to make contributions for each non-law enforcement employee. Also, the non-law enforcement employees may make voluntary contributions to the plan. No amounts were forfeited.

d. Other Postemployment Benefit

Healthcare Benefits

*Plan Description.* Under the terms of a Town resolution, the Town administers a single employer defined benefit Healthcare Plan (the HCB Plan). The plan provides postemployment healthcare benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty years of creditable service with the Town, have not reached age 65 and are not eligible to receive Medicare benefits. The Town pays the full cost of coverage for employee's benefits through private insurers and employees have the option of purchasing dependent coverage at the Town's group rates. Employees who retire with a minimum of 20 years of creditable service are eligible for postemployment coverage. Retirees who qualify for coverage receive the same benefits as active employees. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental Plan after qualifying for Medicare. The Town Council may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at December 31, 2021 date of the latest actuarial valuation.

	Employees:
Retirees and dependents receiving benefits	-
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	36
Total	36

*Funding Policy.* By Town resolution, the Town pays the full cost of the coverage for the healthcare benefits to qualified retirees. The Town has chosen to fund the healthcare benefits on a pay as you go basis. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due. In fiscal year ended, June 30, 2021, the Town was not required to make contributions in the fiscal year.

**Total OPEB Liability**

The Town's total OPEB liability of \$258,322 was measured as of December 31, 2020 and was determined by an actuarial valuation as of that date.

*Actuarial assumptions and other inputs.* The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the

Inflation	2.5 percent
Salary increases	3.5 to 7.75 percent, including inflation
Discount rate	2.21 percent
Healthcare cost trend rates	7.00% For 2019 decreasing to an ultimate rate of 4.50% by 2026

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

**Change in the Total OPEB Liability**

	<b>Total OPEB Liability</b>
<b>Balance at July 1, 2020</b>	
<b>Change for the year</b>	\$ 194,377
Service cost	20,413
Interest	7,403
Changes of benefit terms	-
Differences between expected and actual experience	6,618
Changes in assumptions or other inputs	36,102
Benefit payments	<u>(6,591)</u>
<b>Net changes</b>	<u>63,945</u>
<b>Balance at June 30, 2021</b>	<u><u>\$ 258,322</u></u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50 % to 2.21%.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The actuarial assumptions used in the December 31, 2020 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

*Sensitivity of the total OPEB liability to changes in the discount rate.* The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21 percent) than the current discount rate:

	<b>1% Decrease (1.21%)</b>	<b>Discount Rate (2.21%)</b>	<b>1% Increase (3.21%)</b>
Total OPEB liability	<u>\$ 290,453</u>	<u>\$ 258,322</u>	<u>\$ 229,842</u>

*Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.* The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<b>1% Decrease</b>	<b>Discount Rate</b>	<b>1% Increase</b>
Total OPEB liability	<u>\$ 216,377</u>	<u>\$ 258,322</u>	<u>\$ 310,796</u>

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2021, the Town recognized OPEB expense of \$17,245. Contributions made after the measurement date of the net pension/OPEB liability/collective net pension/OPEB liability but before the end of the employer's or governmental nonemployer contributing entity's reporting period will be recognized as a reduction of the net pension/OPEB liability or collective net pension/OPEB liability in the subsequent fiscal period rather than in the current fiscal period. At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows Of</b>	<b>Deferred Inflows of</b>
Differences between expected and actual experience	\$ 5,970	\$ 97,775
Changes of assumptions	34,597	15,370
Benefit payments and administrative costs made subsequent to the measurement date	-	-
Total	<u>\$ 40,567</u>	<u>\$ 113,145</u>

\$0 reported as deferred outflows of resources related to OPEB resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended</u>	
2022	\$ (10,571)
2023	(10,571)
2024	(10,571)
2025	(10,571)
2026	(10,284)
Thereafter	<u>(20,010)</u>
	<u>\$ (72,578)</u>

**e. Other Employment Benefits**

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The Town considers these contributions to be immaterial.

3. Deferred Outflows and Inflows of Resources

The Town has several deferred outflows of resources. Deferred outflows of resources is comprised of the following:

Source	Amount
Differences between expected and actual experience	\$ 156,307
Change of assumptions	192,666
Net difference between projected and actual earnings on pension plan investments	146,283
Change in proportion and differences between Town contributions and proportionate share of contributions	79,101
Town contributions subsequent to the measurement date	217,131
Total	<u>\$ 791,488</u>

Deferred inflows of resources at year-end is comprised of the following:

	Statement of Net Position	General Fund Balance Sheet
Taxes receivable (General Fund) less penalties	\$ -	\$ 12,746
Differences between expected and actual experience	173,963	
Changes in assumptions	21,932	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	15,165	-
Total	<u>\$ 211,060</u>	<u>\$ 12,746</u>

4. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in two self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insurance values of the property policy, and workers' compensation coverage up to statutory limits, and employee health coverage with no lifetime limit. Claims liabilities are reported when it is possible that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include amounts for material claims that have been incurred but are not ("IBNR"), based on actuarial computations. At June 30, 2021, the Town did not have any material IBNRs reported in liabilities.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years. The Town does not carry flood insurance because it is not in a designated flood zone.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer and tax collector are each individually bonded for \$100,000 and \$100,000 respectively. The remaining employees that have access to funds are bonded under a blanket bond for \$10,000.

Town of Angier ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The ABC Board has property, general liability, auto liability, workers' compensation, and employee health coverage. The ABC Board also has liquor legal liability coverage. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years for the ABC store.

5. Claims, Judgments, and Contingent Liabilities

No claims or judgments exists at June 30, 2021.

6. Long Term Obligations

a. Installment Purchase

The Town is indebted under installment purchase agreements as follows:

Serviced by the General Fund:

The Town entered into a \$1,250,000 installment financing contract with First Citizens Bank & Trust Company on June 25, 2007 for the renovation and expansion of the Jack Marley Town Park and improvements to the intersection of Highway 210 and 55. The underlying promissory note provides for 15 annual payments of \$83,333.33, plus accrued interest at 3.87% commencing July 25, 2008. The note is secured by the real and personal property of the Park under a deed of trust. Balance at June 30, 2021 is \$166,667.

	\$ 166,667
Total General Fund	\$ 166,667

Serviced by the Utility Fund:

The Town entered into a \$1,600,000 installment financing contract with BB&T on June 19, 2017 for the construction of the Water Tank. The underlying promissory note provides for thirty semi-annual payments of \$65,541.69, plus accrued interest at 2.77%, commencing December 19, 2017. The note is secured by the equipment and the moneys on deposit from time to time in the Project Fund. Balance at June 30, 2021 is \$1,235,650.

	\$ 1,235,650
Total Utility Fund	\$ 1,235,650

Annual debt service payments of the installment purchases as of June 30, 2021, including interest of \$9,675 for governmental activities and \$205,268 for business-type activities of are as follows:

Years Ending June 30:	Governmental Activities		Business-Type Activities	
	Principal	Interest	Principal	Interest
2022	\$ 83,333	\$ 6,450	\$ 97,527	\$ 33,557
2023	83,334	3,225	100,247	30,837
2024	-	-	103,043	27,040
2025	-	-	105,917	25,166
2026	-	-	108,871	22,212
2027-2031	-	-	591,635	63,782
2032-2036	-	-	128,410	2,674
Total Principal & Interest	\$ 166,667	\$ 9,675	\$ 1,235,650	\$ 205,268

c. General Obligation Indebtedness

The Town's general obligation bonds issued to finance the construction of facilities utilized in the operations of the water and sewer system and which are being retired by its resources are reported as long-term debt in the Water and Sewer Fund. All general obligation bonds are collateralized by the full faith, credit, and taxing power of the Town. Principal and interest requirements are appropriated when due.

General obligation bonds payable at June 30, 2021 are comprised of the following individual issues serviced by the Water and Sewer Fund:

\$1,311,000 Refunding Bonds issued December 13, 2011, interest at 3.57%, with annual principal and interest payments due through June 1, 2026.

	\$ 521,407
Total General Obligation Bonds	\$ 521,407

Annual debt service requirements to maturity for long-term obligations are as follows:

Years Ending June 30:	Business-Type Activities	
	Principal	Interest
2022	\$ 96,895	\$ 18,614
2023	100,926	15,155
2024	104,919	11,552
2025	107,870	7,806
2026	110,797	3,955
Total Principal & Interest	\$ 521,407	\$ 57,082

#### d. Revenue Bond

\$1,240,000 Water and Sewer Revenue Bonds, Series 2010, issued for water and sewer system improvements. Principal installments are due annually on June 1 beginning June 1, 2012 with semiannual interest payments due on December 1 and June 1, at an annual rate of 4.125%. Balance at June 30, 2021 is \$1,070,000. \$ 1,070,000

\$1,921,000 Water and Sewer Revenue Bonds, Series 2012, issued for water and sewer system improvements. Principal installments are due annually on June 1 beginning June 1, 2014 with annual interest payments due on June 1, at an annual rate of 3.75%. Balance at June 30, 2021 is \$1,706,000. \$ 1,706,000

Total Revenue Bonds \$ 2,776,000

The future payments of the revenue bond for the years ending June 30, 2021 are as follows:

Years Ending June 30:	Business-Type Activities	
	Principal	Interest
2022	\$ 53,000	\$ 108,113
2023	55,000	106,046
2024	57,000	103,901
2025	59,000	101,678
2026	62,000	99,375
2027-2031	346,000	458,756
2032-2036	419,000	386,740
2037-2041	506,000	297,454
2042-2046	609,000	190,954
2047-2051	610,000	64,452
Total	\$ 2,776,000	\$ 1,917,469

The Town is in compliance with the covenants as to rates, fees, rentals, and charges in Section 5 of the Bond Order, authorizing the issuance of the Water and Sewer Revenue Bonds, Series 2010 since its adoption in 2010, and Water and Sewer Revenue Bonds, Series 2012 since its adoption in 2012. Section 5.01 of the Bond Order requires the debt service coverage ratio to be no less than 110%. The debt service coverage ratio calculation for the year ended June 30, 2021 is as follows:

Operating revenues	\$ 3,504,775
Operating expenses *	<u>(2,691,797)</u>
Operating income	812,978
Non-operating revenues (expenses) **	<u>(49,671)</u>
Income available for debt service	763,307
Debt service, principal and interest paid (Revenue Bond only)	<u>161,100</u>
Debt service coverage ratio	473.81%

\* Per rate covenants, this does not include the depreciation expense of \$498,819.

\*\* Per rate covenants, this does not include revenue bond interest paid of \$110,100.

The Town has pledged future water and sewer customer revenues, net of specified operating expenses, to repay \$1,240,000 million in Sewer System Revenue Bonds issued in May 2010 and the \$1,921,000 in Sewer System Revenue Bonds issued in March 2010. Proceeds from the bonds provided financing to construct improvements to the Town's sanitary sewer system and acquire entitlements to capacity in a regional sanitary sewer system. The bonds are payable solely from water and sewer customer net revenues and are payable through 2051. Annual principal and interest payments on the bonds are expected to require less than 25 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$4,853,568. Principal and interest paid for the current year and total customer net revenues were \$159,971 and \$564,139, respectively.

e. Changes in Long-Term Liabilities

	Beginning Balance	Increases	Decreases	Ending Balance	Current Portion
<b>Governmental activities:</b>					
Direct placement installment purchases	\$ 250,000	\$ -	\$ 83,333	\$ 166,667	\$ 83,333
Total OPEB Liability	147,727	48,598	-	196,325	-
Net pension liability (LGERS)	470,723	319,305	-	790,028	-
Total pension liability (LEO)	265,989	10,518	-	276,507	-
Compensated absences	111,491	49,738	37,499	123,730	14,848
Total	<u>\$ 1,245,930</u>	<u>\$ 428,159</u>	<u>\$ 120,832</u>	<u>\$ 1,553,257</u>	<u>\$ 98,181</u>
<b>Business-type activities:</b>					
General obligation bonds	\$ 615,757	\$ -	\$ 94,350	\$ 521,407	\$ 96,895
Revolving loan	1,330,530	-	94,880	1,235,650	97,527
Revenue Bonds	2,827,000	-	51,000	2,776,000	53,000
Net pension liability (LGERS)	148,650	100,832	-	249,482	-
Total OPEB Liability	46,650	15,347	-	61,997	-
Compensated absences	28,631	7,424	2,001	34,054	4,086
Total	<u>\$ 4,997,218</u>	<u>\$ 123,603</u>	<u>\$ 242,231</u>	<u>\$ 4,878,590</u>	<u>\$ 251,508</u>

Compensated absences for governmental activities are typically liquidated in the General Fund.

At June 30, 2021, the Town of Angier had a legal debt margin of \$33,927,205.

f. Operating Leases

The Town has entered into operating leases for various office equipment for terms from three to five years. Rental expense under these agreements for the current year was \$5,703 for governmental activities and \$535 for business-type activities.

Years Ending June 30:	Governmental	Business-Type
	Activities	Activities
2022	\$ 3,884	\$ 338
2023	1,290	197
2024	529	-
Totals	<u>\$ 5,703</u>	<u>\$ 535</u>

C. Interfund Balances and Activity

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations; including amounts provided as matching funds for various grant programs.

The Town did not make any interfund transfers this fiscal year.

D. Net Investment in Capital Assets

	<u>Governmental</u>	<u>Business-type</u>
Capital Assets	\$ 4,764,861	\$ 11,078,827
Less: long-term debt	(166,667)	(4,533,056)
Net investment in capital assets	<u>\$ 4,598,194</u>	<u>\$ 6,545,771</u>

E. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

<b>Total fund balance - General Fund</b>	<b>\$ 5,797,708</b>
<b>Less:</b>	
<b>Stabilization by State Statute</b>	365,063
<b>Streets - Powell Bill</b>	200,765
<b>Public Safety</b>	8,790
<b>Remaining Fund Balance</b>	<b>\$ 5,223,090</b>

The Town of Angier has adopted a minimum fund balance policy for the General Fund. Management is directed to maintain an Unassigned Fund Balance of the General Fund as reported in the Town's Annual Comprehensive Financial Report of equal or greater than 50% of actual General Fund expenditures as reported in the Annual Comprehensive Financial Report for the year audited.

V. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several Federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

VI. Prior Period Adjustment/Restatement

A prior period adjustment has been made to the Water and Sewer Fund. This restatement resulted from a fund that was not presented in fiscal year 2020 in the amount of \$142,763. The omission of this fund which undervalued assets and net position by this amount. More information regarding this restatement can be found in the Schedule of Findings and Responses section of these Financial Statements.

VII. Significant Effects of Subsequent Events

There are no subsequent events that would have a material affect on the financial statements. Subsequent events have been analyzed through the date that the financial statements were available to be issued.

## PROPRIETARY FUNDS

---

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

**Notes:**

- (1) Assessed value is established by the Harnett County and Wake County tax departments at 100% estimated market value.
- (2) Rate per \$100 of assessed valuation.
- (3) A revaluation of all property is required every eight (8) years by North Carolina statute. The last revaluation occurred for Wake County and Harnett County in CY 2021 and CY 2016 respectively.

**Report On Internal Control Over Financial Reporting And On Compliance and  
Other Matters Based On An Audit Of Financial Statements Performed In  
Accordance With *Government Auditing Standards***

**Independent Auditor's Report**

To the Honorable Mayor  
and Members of the Board of Commissioners  
Angier, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Angier for the year ended June 30, 2021, and the related notes to the financial statement, which collectively comprises the Town of Angier basic financial statements, and have issued our report thereon dated October 22, 2021. The financial statements of the Town of Angier's ABC Board were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Angier internal control over financial reporting (internal control as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Angier internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses /schedule of findings and questioned costs as items 2021-001 that we consider to be significant deficiencies.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Angier's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Town of Angier's Response to Findings

The Town of Angier's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Town's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*October 22, 2021*

Town of Angier, North Carolina  
Schedule of Findings and Responses  
For the Fiscal Year Ended June 30, 2021

---

**Section II – Financial Statement Findings**

---

**Significant Deficiency**

**Finding: 2021 - 001 Prior Period Adjustment**

**Criteria:** The June 30, 2021, beginning Net Position was restated for a fund that was not properly presented in prior year audit.

**Condition:** The unrecorded fund resulted in the Water and Sewer Fund assets and net position to be undervalued by \$142,763.

**Context:** The Water and Sewer Fund assets and net position was undervalued by \$142,763 due to the missing fund.

**Effect:** 2020 Financial Statement Total net position and total assets were undervalued by \$142,763.

**Identification of a repeat finding:** This is not a repeat finding.

**Cause:** Financial statements were not properly reviewed in prior period.

**Recommendation:** The audit firm and Town management will better review the Financial Statements.

**Views of responsible officials and planned corrective actions:** The Town agrees with this finding and has already taken action.
